This report on corporate governance and proprietary shareholdings (“**Report**”) aims at providing a general and complete overview of the corporate governance system adopted by Unieuro S.p.A. (“**Unieuro**” “**Company**” or “**Issuer**”).

Unieuro adheres to the Corporate Governance Code in force as at the date of the Report and applicable to the financial period 2021/2022, which is accessible to the public on the website of the Corporate Governance Committee at the following page: <https://www.borsaitaliana.it/homepage/homepage.en.htm>

In compliance with the legal and regulatory¹ requirements on this topic in line with the guidelines and recommendations of Borsa Italiana SpA (“**Borsa Italiana**”), this Report contains information on the proprietary shareholdings and on Unieuro’s adherence to the Corporate Governance Code, explaining the choices made in the application of the self-regulatory principles, as well as the corporate governance practices actually applied and following the indications referred to in the “Format for the report on corporate governance and the structure of ownership” drawn up by Borsa Italiana (Edition IX January 2022).

Please note that, in the Management Report which forms a part of Unieuro’s Annual Financial Report relating to the 2021/2022² year, there is a chapter on Governance which describes the corporate governance system of Unieuro whereas for further information on the topic of remuneration, we invite you to view the Report concerning remuneration and recompense paid³, published in the manner and within the timescales envisaged by current legislation.

1. ISSUER PROFILE

Today Unieuro is the Italian market leader in distribution of consumer electronic products and household appliances thanks to its steady growth over the last fifteen years due to a combination of consolidation of its reference market and organic growth.

As of the date of this Report, Unieuro is operating on a national scale through the following distribution channels: (i) its retail channel consisting of 271 stores distributed throughout city centres and in high-affluence shopping centres located mainly in northern and central Italy; (ii) its online channel strengthened by the unieuro.it digital platform and the pure digital player Monclick; (iii) its indirect channels consisting of 259 sales outlets managed by third-party associated businesses; (iv) its business-to-business channel focused on wholesale sales to professional clients; (v) its travel channel made up of 11 retail outlets located at several of the main public transport junctions.

The Issuer's business model is based on an omnichannel business strategy, enabling it to exploit the opportunities of integration between physical sales outlets and the online channel. Therefore, the Issuer operates as a single Strategic Business Unit within which all services and products offered flow together. This approach is supported: (i) by the model of operational control of the Issuer which considers the entire business as a whole, irrespective of individual distribution channels, product lines, or geographic spread, and (ii) by the capillary network of sales outlets, which is distributed over the territory both in terms of location, following the principle of proximity and closeness to customers, as well as in functional terms, using different formats at the individual sales outlets in order to satisfy the preferences of each customer category. The goal of the Company is to create a personalized shopping experience aimed at eliminating the spatial limits of individual physical sales outlets and focusing on rebuilding individual preferences of the customer.

The Company has adopted a corporate governance system in line with the legal and regulatory provisions applicable to it: the central role of the Board of Directors and the objectives of proper management of any eventual situations of conflict of interest, as well as of efficiency of the internal control system and of transparency in relation to the market are highlighted.

Unieuro adopts a so-called 'traditional' management system, which enhances the role of the Board of Directors as an executive body, whereas the audit function is delegated to the Board of Statutory Auditors. The governance structure and the overall organizational structure are also in line with the goals of maximizing management efficiency and creating ever greater value for all shareholders.

The Company's corporate bodies are the Shareholders' Meeting, the Board of Directors and the Board of Statutory Auditors. The powers and operating methods of the

corporate bodies are governed by law, by the Articles of Association and by the resolutions adopted by the appropriate bodies, as the case may be.

The Board of Directors has set up four internal committees with consultative and proposal functions, being the Remuneration and Appointments Committee, the Control and Risk Committee, the Sustainability Committee, and the Related Party Transactions Committee to which the tasks and functions provided for by the Consob Related Parties Regulation are entrusted.

By resolution adopted on 12 December 2016, the Shareholders' Meeting of the Issuer conferred on the Independent Audit Firm the mandate to undertake the statutory audit of the financial statements for the financial years ending from 28 February 2017 to 28 February 2025 pursuant to articles. 14 and 16 of Legislative Decree No. 39 of 27 January 2010 and for the auditing tasks limited to the interim half-yearly financial statements for the half-yearly periods ending from 31 August 2017 to 31 August 2024. Taking into consideration the further activities requested by the Independent Auditors as a result of, inter alia, the acquisition of the equity investment in Monclick S.r.l., the Issuer appointed the Independent Auditors to conduct the statutory audit of the consolidated financial statements for the financial years ending from 28 February 2017 to 28 February 2025, and the limited audit of the abbreviated, half-year consolidated financial statements for the half-years ending between 31 August 2017 and 31 August 2024.

The Issuer's ordinary shares have been traded on the Euronext STAR Milan market, as of 4 April 2017.

The "sustainable success" objective is that which guides the actions of the Board of Directors. The growing focus on the interdependency between company success and its role in social issues has led Unieuro to adopt a strategic approach to sustainability, mindful of the importance thereof as an essential asset for the company's competitiveness in the medium-long term and as a tool for creating value to the benefit of shareholders that takes into account the interests of other key stakeholders.

In order to fully integrate environmental, social and governance factors into the Group's business model and strategies (see Section 4.1 below), into its remuneration (see Section 8 below) and into the system of internal control and risk management (see Section 9 below), the monitoring of ESG issues has been further reinforced during the year and a Sustainability Plan (2022-2026) has been drawn up.

At the governance level, following the establishment in late 2020 of the intra-board Sustainability Committee (see Section 6 below), as concerns 2021 your attention is brought to the appointment of a manager responsible for Sustainability who reports directly to the Chief Financial Officer, and the creation of an internal Sustainability Committee thus creating a high-level cross-functional management team. Such

reinforcement of the organisational structure is aimed at: rendering the Group's actions more organic and coordinated, thus ensuring the necessary link between corporate functions transversally involved in the various projects; giving due continuity to initiatives under development; ensuring that ESG (Environmental Social and Governance) projects and initiatives are integrated into the company's activities, in line with the guidelines of the Strategic Plan and matters which the Company deems as material.

A Sustainability Plan has been developed to give greater weight to Unieuro's strategic vision and formalise the Group's commitment in the ESG field. Its timeframe coincides with that of the Business Plan and shall be updated on an annual basis. In addition to being the principal management tool for planning and supervising those projects linked to sustainable matters, said Plan also offers a set of performance indicators as may become future sustainability targets to which the medium-long term remuneration of company management is linked.

For more information on these initiatives, the activities carried out and the progress thereof in the remit of sustainability, please refer to the Consolidated Non-Financial Statement ("**NFS**") drawn up pursuant to Legislative Decree 254/2016 and available on the Company's corporate website in the section "Corporate Governance / Shareholders' Meetings / Shareholders' Meeting 2022".

It should be noted that, as of the date of this Report, also for the purpose of applying certain rules on corporate governance and proprietary shareholdings envisaged by the TUF, Unieuro falls within the definition of small and medium sized enterprises pursuant to article 1, paragraph 1, lett. w-quater.1) TUF and article 2-ter of the Listing Code⁴, as stated in the list published by Consob and last updated in January 2022⁵.

With reference to the categories set forth in the Corporate Governance Code, Unieuro - based on its capitalisation and its ownership structure respectively - is not classified as "large company" nor a "concentrated ownership company".

⁴ Pursuant to article 1, paragraph 1, lett. w-quater.1) TUF, "PMI" are defined as: "without prejudice to the provisions of other legal provisions, small and medium-sized enterprises, issuers of listed shares, whose turnover, including prior to their shares being admitted to trading, is less than EUR 300 million or which have a market capitalisation of less than EUR 500 million." Issuers of listed shares exceeding both of these limits for three consecutive years are not considered as PMI. Consob establishes by regulation the implementing provisions concerning said letter, including the disclosure requirements for such issuers in relation to the acquisition or loss of PMI status. Consob publishes the list of PMI on its website on the basis of the information provided by issuers.

⁵ More specifically, for PMI classification purposes, Unieuro's values are:

- Capitalisation as at 28 February 2022: Euro 366.4 million
- Consolidated turnover for the year ending 28 February 2022: Euro 2,949.7 million.

2. INFORMATION ON THE PROPRIETARY SHAREHOLDINGS (PURSUANT TO ARTICLE 123-BIS, PARA. 1, TUF)

At the date of this Report, the subscribed and paid-up share capital of Unieuro is Euro 4,139,724.20 divided into 20,698,621 ordinary shares with no par value, of which 600,000 shares carry no voting rights - due to their suspension pursuant to article 2357-ter, paragraph 2 of the Civil Code since they are Company treasury shares - and 20,098,621 shares carrying voting rights.

There are no categories of shares other than ordinary shares⁶.

b) Restrictions on the transfer of securities (pursuant to art. 123-bis, paragraph 1, letter b) TUF)

No restrictions on the transfer of the Company's shares, limits on share ownership or approval conditions to access the shareholding structure are envisaged, with the exception of the 24-month lock-up commitment as regards shares allocated to Managers with Strategic Responsibilities pertaining to the medium-long term variable incentive plan "*2020-2025 Performance Share Plan*".

c) Relevant equity interests in the share capital (pursuant to art. 123-bis, paragraph 1, letter c) TUF)

Unieuro is a fully-fledged public company. Such status was acquired following the gradual withdrawal from capital of Rhône private equity which, thanks to the initial public offer on the Italian Stock Exchange (April 2017) and three subsequent placements (September 2017, November 2019 and January 2020), ceased its shareholding in Unieuro which was initially 70.5% of the capital.

In September 2020, Mr. Giuseppe Silvestrini reported that the 3% investment threshold in the Issuer's capital had been exceeded in the previous month of April and thus announced that he directly and indirectly holds 4.3% of Unieuro capital.

The public float was further expanded on 14 January 2021, following the sale on the market through an accelerated book-building procedure concerning 7.17% of the capital in Unieuro originally owned by Dixons Carphone plc through Alfa S.r.l.

On 6 April 2021, the telecommunications operator Iliad S.A. announced that it has acquired a shareholding of approximately 12% of the share capital of Unieuro.

⁶ Shares reported in the last share capital certificate filed with the Chamber of Commerce.

⁷ For the sake of completeness, please note that the 2023-2028 Performance Shares Plan, to be submitted for approval at the Shareholders' Meeting to be held on 21 June 2022, also provides for the same 24-month lock-up commitment as regards shares allocated to Managers with Strategic Responsibilities.

At the date of this Report, the public float of Unieuro is equal to approximately 80% of the Company's capital.

Below are the percentages of Unieuro ordinary shares owned at the date of this Report, both directly and indirectly, by shareholders or by parties at the peak of the holding chain who have

declared a significant holding threshold to have been exceeded pursuant to article 120 TUF and the Consob Issuers' Regulations; said percentages are updated to the best of the Company's knowledge based on the information available:

e) Shareholding by employees: mechanisms for exercising voting rights (pursuant to art. 123-bis, paragraph 1, letter e) TUF)

There is no mechanism that would exclude or limit the direct exercise of voting rights by the beneficiaries of the stock option plan adopted by the Company on 6 February 2017 entitled "*Long Term Incentive Plan 2018-2025*" and/or the incentive plan adopted by the Company on 17 December 2020 entitled the "*2020 - 2025 Performance Share Plan*".

For the sake of completeness, we draw your attention to the fact that the Shareholders' Meeting to be held on 21 June 2022 shall be called, *inter alia*, to approve a new incentive

plan entitled "2023-2028 Performance Share Plan". Said plan does not provide for any mechanism that excludes or limits the direct exercise of voting rights by beneficiaries. For further information, please see the first section of the Report concerning the policy for remuneration and recompense paid drawn-up pursuant to article 123-ter TUF made available to the public within the timelines and in the manner provided for by the laws and regulations in force.

f) Restrictions on voting rights (pursuant to art. 123-bis, paragraph 1, letter f) TUF)

At the date of this Report, no agreements between shareholders pursuant to article 122 TUF have been notified to the Company.

h) Change-of-control clauses (pursuant to art. 123-bis, paragraph 1, letter h) TUF) and Articles of Association provisions on the subject of public tender offers (PTO) (pursuant to art. 104 bis, paragraph 1-ter, and 104-bis, paragraph 1 TUF)

Change-of-control clauses

On 23 December 2017, the Company extinguished the facilities granted under a previous medium-/long-term loan agreement called the "Euro Term and Revolving Facilities Agreement", by signing a new medium-/long-term loan agreement called the "Senior Facilities Agreement", with Banca Intesa Sanpaolo S.p.A., Banco BPM S.p.A., Gruppo Crédit Agricole and Banca IMI S.p.A., this latter as the agent bank.

On 3 January 2021, the Company terminated the Senior Facilities Agreement, by way of the simultaneous entering into of four different medium and long-term revolving cash loan agreements, respectively with: (i) Unicredit S.p.A. for the amount of Euro 50,000,000.00 ("UCI Credit Line"); (ii) Intesa San Paolo S.p.A. for Euro 40,000,000.00 ("ISP Credit Line"); (iii) Banco BPM S.p.A., for Euro 30,000,000.00 ("BBPM Credit Line") and (iv) Credit Agricole Italia S.p.A., for Euro 30,000,000.00 ("CAI Credit Line"). Pursuant to such loan agreements, "Change of Control" means:

"the occurrence of any of the following circumstances: (a) one or more persons acting individually or in concert with third parties acquire - whether directly or indirectly - (x)

the majority of the voting rights at the ordinary and extraordinary shareholders' meetings of the Beneficiary; and/or (y) the right to determine the composition of the majority of the board of directors or the equivalent administrative body of the Beneficiary; (b) following the purchase of shares of the Beneficiary on the market, a total public offer on the shares of the Beneficiary is required to be, and is, made.

In the event of a Change of Control, the Beneficiary shall repay the loan in full to the Finance Parties under the Finance Documents together with interest thereon and any other amounts due up to that time, such payment to be made within 5 (five) Business Days of the occurrence of such event, and in any event, the Final Maturity Date shall not be exceeded”.

Without prejudice to the above, the Company, within the remit of its commercial activities, is party to trade agreements which, as is customary (i.e., business leases, real estate leases, supply agreements etc.), include the right for one or both parties to terminate or withdraw from the agreement, if there is a direct or indirect change in control involving the other party.

Articles of Association provisions on the subject of public tender offers

The Issuer's Articles of Association do not contain provisions that derogate from the passivity rule set forth in article 104, paragraphs 1 and 1-bis TUF nor provisions that provide for application of the neutralization rules provided for in article 104-bis, paragraphs 2 and 3 TUF.

i) Delegated powers to increase the share capital and authorisations to acquire treasury shares (pursuant to art. 123-bis, paragraph 1, letter m) TUF)

At the Extraordinary Shareholders' Meeting held on 17 December 2020, the Shareholders resolved, pursuant to articles 2443 and 2349 Civil Code, that the Board of Directors be granted powers pursuant to articles 2443 and 2349 Civil Code to increase the share capital on a gratuitous basis for a period of five years to run as of the date of the relative resolution, in order to implement the “2020-2025 Performance Share Plan”. It was envisaged that such capital increase may take place in one or more tranches up to a maximum amount of Euro 180,000.00 to be imputed in full to capital by way of a new share issuance of up to 900,000 ordinary Unieuro Shares with no express indication of their par value, such new shares: having the same characteristics as the Unieuro ordinary shares already in circulation and carrying regular dividend rights. A commensurate maximum amount of the profits/profit reserves reported in the last financial statement approved from time-to-time was to be earmarked to that end, within the term, on the conditions and in the manner provided for in the “2020-2025 Performance Share Plan”.

On 14 October 2021 the Board of Directors made a partial exercise of said powers as were granted at the Extraordinary Shareholders' Meeting of 17 December 2020, and resolved to increase the share capital on a gratuitous basis by Euro 1,750.00 by issuing

8,750 ordinary shares, with no express indication of par value. Such shares have the same characteristics as those already in circulation and carry regular dividend rights in favour of Mr. Italo Valenti (who held office as Chief Financial Officer until 1 June 2021) as beneficiary of the 1st Cycle of the 2020-2025 Performance Share Plan.

Without prejudice to the foregoing, as at the date of this Report, no director has been granted powers to make a capital increase in one or more tranches, nor is any director empowered to issue convertible bonds, whether for ordinary shares or savings yielding share option rights.

At the ordinary Shareholders' Meeting held on 17 December 2020, the Shareholders authorised the Board of Directors to buy back, in one or more tranches, a maximum number of ordinary shares in Unieuro not exceeding 10% of the share capital (which was - as at the date the relative explanatory report was presented to the Shareholders - a maximum of 2,000,000). The authorisation envisaged that: Such buy back would be effected in one or more tranches within 18 (eighteen) months of the date the resolution was passed and in any manner envisaged by the combined provisions of article 132 TUF and article 144-*bis* Issuers' Regulations, taking into account the specific exemption provided for by paragraph 3 of article 132 TUF and, in any case, in any other manner permitted by the legal and regulatory provisions in force from time to time. Said authorisation was also required to take into account the procedures and operating limits of the MAR, including market practices permitted pursuant to article 13 MAR, the Delegated Regulation (EU) No. 1052 of 8 March 2016 ("**Delegated Regulation**") and the applicable general and sector legislation (including the provisions referred to in Regulation (EU) 2019/2115 or provided for by CONSOB or ESMA).

The shares' purchase unit price was to be for consideration not lower than a minimum of 10% and not higher than a maximum of 10% of the share reference price recorded in the trading session on the stock exchange of the day preceding each individual transaction. Any such buy back was to be in compliance with applicable EU law and accepted applicable market practices from time to time. Moreover, the shares' purchase price was required to comply with the provisions of article 3 paragraph 2 Delegated Regulation 2016/1052/EU which, with reference to the date on which the explanatory report of the Board of Directors was presented to the Shareholders, refers to a price not higher than the higher of the price of the last independent trade and the then highest current independent purchase bid on the trading venue where the purchase is carried out or in conformity with the regulations in force from time to time.

Following completion of the Share Buy Back Programme resolved on by the Board of Directors on 11 November 2021, Unieuro holds 600,000 treasury shares, equal to 2.9% of its current share capital.

For the sake of completeness, please note that the Shareholders' Meeting to be held on 21 June 2022, shall be called to resolve on the proposal that the Board of Directors be granted powers pursuant to articles 2443 and 2349 Civil Code, such powers being valid for a period of five years from the date of the said resolution, to increase the share capital on a gratuitous basis including in one or more tranches. Such share increase is

for the purposes of the incentive plan entitled “2023-2028 Performance Shares Plan” which plan shall be submitted at the same Shareholders' Meeting and which envisages an increase up to a maximum amount of Euro 180,000.00 to be fully allocated to share capital, through the issuance of a maximum of 900,000 Unieuro ordinary shares with no express indication of par value. Such shares shall have the same characteristics as those already in circulation and carry regular dividend rights. A corresponding maximum amount of profits and/or profit reserves as reported in the latest financial statements approved from time to time shall be imputed for the issuance in conformance with the terms, conditions and procedures provided for in the “2023-2028 Performance Shares Plan”.

On the same date, the Board shall seek authorisation to buy back ordinary shares of Unieuro in one or more tranches up to a maximum number not exceeding 10% of the share capital for a period up to a maximum of 18 months from the date of the shareholders' resolution as shall be submitted for approval at the Shareholders' Meeting.

For further information on the above matter, please refer to the Explanatory Reports as shall be published by the Company in the manner and within the timeframes provided for under current legislation.

j) Management and coordination activities (pursuant to articles 2497, *et seq.* Civil Code)

On 12 December 2016, the Board of Directors deemed that the Company was no longer subject to management and coordination activities, as contemplated under articles 2497, *et seq.* Civil Code, by International Retail Holding S.à.r.l. and decided to expressly declare this circumstance, also in fulfilment of the required disclosure formalities. In particular, on 12 December 2016, the Issuer's Board of Directors deemed that: (i) the main decisions relating to management of the Issuer's company are made within the Issuer's own bodies; (ii) the Issuer's Board of Directors is responsible, *inter alia*, for examining and approving the Issuer's strategic, industrial and financial plans and budgets, examining and approving the Issuer's financial and credit access policies, examining and approving the Issuer's organisational structure, assessing the adequacy of the organisational, administrative and accounting structure of the Company; (iii) the Issuer operates in full autonomy with respect to the management of relations with customers and suppliers without any interference from entities outside of the Issuer; (iv) International Retail Holding S.à.r.l. does not perform any centralized cash management function for the Issuer.

By virtue of a reverse merger transaction that took place during the financial year ending 28 February 2018, International Retail Holdings S.à.r.l. was merged by incorporation into Italian Electronics Holdings S.à.r.l.

Following the accelerated book building transaction carried out on 6 September 2017 by IEH and the demerger, the stake held by IEH in Unieuro decreased from 65.492% to 33.815%.

During financial year up to 28 February 2018, Italian Electronic Holdings S.r.l. moved its registered office to Luxembourg, assuming the status of a company incorporated under Luxembourg law and the new name of Italian Electronics Holdings S.à.r.l.

On 13 November 2019, IEH carried out a further accelerated book-building procedure, disposing of 16.25% of the Company's existing share capital to institutional investors. On 22 January 2020, IEH disposed of the remaining 17.6% of its capital to institutional investors, through an analogous accelerated book-building process, as a consequence ceasing to be a Company shareholder.

On 13 April 2022, the Board of Directors confirmed to the extent it is able, that the Company is not subject to any management or coordination pursuant to article 2497 *et seq.* Civil Code.

This Report has been prepared also taking into account the guidelines in the "Format for the report on corporate governance and proprietary shareholdings" developed by the Borsa Italiana (Edition IX January 2022).

On 18 March 2021, the Board of Directors of Unieuro approved the adoption of the Corporate Governance Code - accessible to the public on the website of the above-mentioned Corporate Governance Committee at the page: <https://www.borsaitaliana.it/borsaitaliana/regolamenti/corporategovernance/code2015.en.pdf> - in force at the date of this Report and which became applicable

commencing as of the first financial year starting after 31 December 2020 (in Unieuro's specific case, starting from 1 March 2021).

This Report contains details of decisions taken by Unieuro's Board of Directors in compliance with the principles of the Corporate Governance Code.

The rules contained in the Articles of Association, the specific Shareholders' Meeting Regulations, the Regulations of the Board of Directors and the Regulations of the Board Committees are an integral part of, and complete, the Company's corporate governance system.

The Issuer is not subject to any non-Italian law provisions that affect the corporate governance structure.

4. BOARD OF DIRECTORS

4.1. Role of the Board of Directors

The Board of Directors is vested with the broadest powers for the ordinary and extraordinary administration and management of the Company and has the power to perform all the acts deemed necessary and useful for the achievement of the corporate purpose, with the exception of the powers reserved by law and the Articles of Association to the Shareholders at the Shareholders' Meeting.

Pursuant to the regulations in force for companies with shares listed on regulated markets and in accordance with the recommendations of the Corporate Governance Code, the Board of Directors plays a central role in the Company's governance system and is responsible for determining and pursuing the Company's strategic objectives, as well as verifying the existence of the controls necessary to monitor the Company's performance.

The Board of Directors guides the company by pursuing sustainable success in the development of its business plan, taking into consideration the impact on the environment, shareholders, consumers and all stakeholders who are affected by the conduct of the Company and the Group. To confirm the close link between Unieuro's business and ESG issues, the Board of Directors, after consulting the Sustainability Committee, approved a Sustainability Plan on 11 May 2022, the timeframe of which coincides with that of the Business Plan and for which an update is envisaged on an annual basis.

During the 2021-2022 financial year and in any case up to the date of this Report, the Board of Directors was also called upon to approve, subject to the opinion of the Sustainability Committee (i) the updating of the materiality matrix, with the aim of identifying the most relevant issues in the ESG area both from the point of view of the Group and of internal and external stakeholders as well as (ii) the Consolidated Non-Financial Statement ("**NFS**"), subject to the opinion of the Sustainability Committee.

Furthermore, in order to pursue the sustainable success of the Company, the Board of Directors, has identified non-financial objectives within the remit of the Remuneration Policy to which part of the variable component of remuneration is linked, both in the short and medium-long term, related to ESG issues.

With reference to the Remuneration Policy and the Sustainability Committee, please refer to the respective Chapters of this Report.

To date, the current corporate governance system adopted by the Company has been deemed by the Board to be appropriate with respect to its size and needs. No changes in the corporate governance system are planned to be submitted at the Shareholders' Meeting.

The Board is updated and supervises the way information is managed vis a vis the financial community. Furthermore, it should be noted that - in line with the provisions introduced by the Corporate Governance Code - the Board of Directors

has adopted, on the proposal of the Chairman, in agreement with the Chief Executive Officer and subject to the favourable opinion of the Sustainability Committee, its Policy for the management of dialogue with shareholders and other Interested Parties (for further details see Section 12 of this Report).

In accordance with article 16 of the Articles of Association, the Board of Directors is vested with all powers for the ordinary and extraordinary management of the Issuer. The Board of Directors is also responsible for adopting resolutions concerning: (i) mergers in the cases envisaged by articles 2505 and 2505-*bis* Civil Code according to the terms and conditions described therein; (ii) the opening and closing of secondary offices; (iii) the designation of the directors duly authorised to represent the company; (iv) a reduction in the share capital in the event of withdrawal of a shareholder; (v) amendments to the Articles of Association to comply with laws and regulations; and (vi) the relocation of the registered office within Italy.

In accordance with the provisions of the Corporate Governance Code, on 20 December 2021 the Board of Directors adopted its own regulations governing, *inter alia*, the duties of the management body, which include:

- examination and approval of the strategic, business and financial plans of the Company and of Unieuro Group, with the possible support by a committee entrusted with analysis of matters that are relevant to the generation of long-term value;
- periodic verification of the implementation of the business plan and assessment of general management performance, periodically comparing the results achieved with those planned;
- determination of the nature and level of risk compatible with the Company's strategic objectives, including in its evaluations all elements as may be relevant, with a view to creating long-term value for the benefit of shareholders, taking into account the interests of other stakeholders that are material to the Company;
- determination of the corporate governance system most suitable for carrying out business activity and pursuing the strategies of the Company and of Unieuro Group, as well as the assessment of the adequacy of the organisational, administrative and accounting structures of the Company and of any controlled companies having strategic importance, with particular reference to the internal control and risk management system;
- passing of resolutions on transaction of the Company and its controlled companies that have a significant strategic, economic, equity or financial importance for the Company, as shall be identified according to criteria decided by the Board of Directors from time to time;
- adoption of regulations, procedures and internal policies deemed necessary or appropriate for the organisation of the company, or for compliance with the Law or to makes adjustments in line with the Code, including, by way of example: (i) one or more regulations setting forth the operative rules of the Board of Directors and its committees; (ii) the procedure for internal

management and disclosure of privileged information pursuant to the Law;
(iii) a policy for the management of dialogue with all shareholders.

With reference to the Financial Year, and in accordance with the provisions of the Corporate Governance Code, the Board has examined and approved the Company's five-year Strategic Plan and the annual budget for the first year of the said plan, as well as those corporate transactions having a significant strategic, economic, capital or financial importance for the Group; moreover, the Board has been kept updated on issues of a strategic nature or in any case relevant to business development, by way of dedicated in-depth sessions and a periodic comparison between results achieved and those planned.

As of this Report date, the Board has not established any general criteria for identifying transactions that have a significant strategic, economic, capital or financial impact on the Issuer. All transactions beyond the remit of the powers conferred upon the Executive Director are subject to approval by the Board of Directors.

The Board, with the support of the Control and Risk Committee, has laid down the guidelines for the Internal Control and Risk Management System in line with the Company's strategies. Said Board has assessed the adequacy of the system with respect to the characteristics of the company and the risk profile assumed, as well as its effectiveness and the adequacy of the organisational, administrative and accounting structures of the Issuer drawn up by the Chief Executive Officer.

4.2. Appointment and replacement of directors (pursuant to art. 123-bis, paragraph 1, letter I) TUF)

Pursuant to art. 12 of the Articles of Association, the management of Unieuro is conferred to a Board of Directors consisting of an odd number of members not less than 7 (seven) and not more than 15 (fifteen). The Shareholders' Meeting determines the number of Board members from time to time, prior to their appointment. Within the limits indicated above, the Shareholders' Meeting may increase the number of directors including during the term of office of the Board of Directors; the term of office of the additional directors thus appointed cease as per the term of those already in office. Directors remain in office for the term set by the shareholders' resolution appointing them, subject to a maximum of 3 (three) financial years. Directors are re-eligible for office.

The members of the Board of Directors must meet the requirements of professionalism and integrity provided for by the rules and regulations in force. A minimum number of Directors not less than that established by the regulation in force *pro tempore* should satisfy the requirements of independence established by the Corporate Governance Code, without prejudice to the fact that at least 2 (two) directors, in addition to the Chairman of the Board of Directors, satisfying the requirements of independence

established by the law and by the regulatory provisions and/or by the Corporate Governance Code of listed companies should be part of the Board of Directors (“Independent Director” or “Independent Directors”). A failure to fulfil such prerequisites shall cause the Independent Director to forfeit his/her office. A failure to fulfil the prerequisite of independence prescribed by art. 148, para. 3, TUF on the part of an Independent Director shall not cause him/her to forfeit the office to the extent that the prerequisites are in any event still met by the minimum number of Independent Directors who, according to the rules in force, must meet such requirement. Independent Directors are required to maintain independence for the duration of their term of office and in any event to inform the Board of Directors without delay as to any eventual intervening loss of the requirements of independence.

In accordance with the provisions of article 147-ter TUF, the Articles of Association of the Company provide for the appointment of directors through the list-vote mechanism.

Article 13 of the Articles of Association provides that both the Board of Directors in office as well as the shareholders who alone or acting together hold the percentage of share capital required by applicable laws or regulations from time to time (in the percentage of 42.5% in accordance with the Consob Management Deliberation No. 63 of 15 March 2022) are entitled to submit lists.

For completeness, please note that in view of the renewal of the administrative body at the Shareholders' Meeting of 21 June 2022, the Board of Directors made available to the public, on 13 April 2022, a document that illustrates the procedure for the presentation of a list by the outgoing Board of Directors. More specifically, said document:

- sets out the various stages of the process, with the chronology of each stage and the persons and bodies involved, and
- indicates the optimal skills of candidates for any Board of Directors list, also in light of the “Guidelines on the Size and Composition of the New Board of Directors”, as published on 13 January 2022.

This document is available on the Company's corporate website Unieurospa.com in the section Corporate Governance / Shareholders' Meetings / Shareholders' Meeting 2022 as well as on the authorised storage mechanism eMarket STORAGE (www.emarketstorage.com).

The lists are filed within the time limits provided for by the *pro tempore* rules in force as shall be indicated in the notice of meeting, at the registered office of the Company or otherwise by such remote means of communication as may be indicated in the notice of meeting.

The following shall be submitted together with the lists, it being specified that any changes as may occur prior to the actual date of the Shareholders' Meeting shall be promptly notified to the Company: (i) information as to the shareholders who have submitted the list and indication of the percentage of share capital held; (ii) a statement by shareholders other than those who hold, including jointly, either a controlling interest or a relative majority, attesting to the absence of any connected relationships

with the latter, even if indirect, within the meaning of the *pro tempore* rules, including regulatory rules, in force; (iii) the candidates' *curriculum vitae* as well as a declaration by which each candidate attests, under his or her responsibility, that there are no grounds of ineligibility and conflict of interest, and confirms fulfilment of the prerequisites for their respective posts; (iv) indication of the management and control posts held in other companies and any indication of suitability for qualification as independent director in accordance with the rules in force and the codes of conduct relating to corporate governance that may eventually be adopted by the Company; (v) a statement by which each candidate accepts his or her own candidacy; (vi) any other further or differing statement, report and/or document as provided for by the *pro tempore* rules, including regulatory rules, in force, including a declaration of any relationship with the "relative majority" shareholder.

Election of the Board of Directors shall be carried out according to the following criteria:

- a) members making up five-sevenths of the members up for election, as this number may be rounded down in the case the result is a fractional number, shall be taken, based on the progressive order in which they were listed, from the list that obtained the highest number of votes ("majority list");
- b) the remaining directors will be taken from the other lists ("minority lists"), and to that end, votes for each of the minority lists shall be divided by one, two, three, four and so forth according to the number of directors to be elected. The ratios thus obtained shall be applied sequentially to the candidates on each of these lists in the progressive order envisaged therein. The ratios thus attributed to the candidates on the various lists shall be ranked in descending order. The directors elected shall be those obtaining the highest ratios. In the event of a ratio tie between candidates, the elected candidate shall be taken from the list from which no director has yet been elected or from that which the lowest number of directors has been elected.

If no director has yet been elected from said lists or if there is a tie between the number of directors voted on in relation to the lists, then the candidate obtaining the highest number of votes on such lists shall be elected. In the event of a tie in terms of both list vote and ratio, then a Shareholders' Meeting shall be called to vote on the election and the candidate who obtains a simple majority of votes shall be deemed elected. The above procedure is subject to the requirement that at least one director must be taken, if put forward and voted on, from a list submitted by shareholders who have no connection, whether directly or indirectly, with those who presented or voted on the list that obtained the majority of the votes cast.

In the event the majority list contains an insufficient number of candidates to cover the seats to be filled in accordance with the above paragraphs, notwithstanding

application of the election mechanism above: (i) all candidates on the majority list; and (ii) the residual candidates, taken from the minority list which is second in terms of the number of votes required to complete the Board of Directors according to the progressive order indicated therein, shall be deemed elected.

If it is not possible to complete the Board of Directors in the manner described above - thus the minority list that is second based on number of votes leads to a number of candidates lower than that required, the remaining directors shall be taken from the other minority lists in descending order starting with the highest voted first and moving down to the next lists as the candidates are exhausted in the preceding list based on number of votes.

If, after the voting and the application of preceding paragraphs, gender balance and/or the independence requisites are not met as provided for under the applicable legislation and regulations, the necessary number of elected candidates shall be excluded and substituted by candidates from the under-represented class in progressive order of their listing, as shall be taken from the same list on which the excluded candidates appear. Replacements shall be made with reference firstly to those belonging to the under-represented gender and secondly to those in possession of the independence requisites. This replacement mechanism shall be firstly applied in sequential order, to the lists from which no director of the missing class has been chosen, starting with that which has obtained the most votes. Should this process not be sufficient or should all the lists submitted list at least one director in possession of the requisites of the missing class, the replacement shall be applied, in sequential order, to all the lists, starting with that which received the most votes. Within the lists, the replacement of excluded candidates shall be effected starting from the candidates having the highest progressive number. The replacement mechanism is not operative in relation to candidates taken from lists that put forward less than three candidates.

If only one list is submitted, the entire Board of Directors shall be taken from that list in accordance with applicable legislation and regulations. If no list is submitted, the shareholders shall resolve on majority vote in accordance with the law at the Shareholder's Meeting.

In all those cases in which, as a result of the application of the preceding provisions: (a) it is not possible to complete the Board of Directors and/or (b) gender balance is not achieved or an insufficient number of directors in possession of the independence requisites are elected, having regard to the legislation and regulations in force, then the completion or replacement, as the case may be, shall be effected pursuant a resolution passed at the Shareholders' Meeting by simple majority on those candidates put to vote individually.

If no lists are submitted or if the entire Board of Directors is not elected, the shareholder at the Shareholders' Meeting shall resolve on a majority vote in accordance with the law, respecting any minimum allotment ratio between genders (male and female) provided by law and regulations.

The list-vote system only applies when the entire Board of Directors is being replaced. If the Board of Directors must, during the course of the financial year, proceed to

replace one or more Directors, it shall appoint by co-option pursuant to article 2386 Civil Code, ensuring compliance with the requirements of law and of the Articles of Association regarding the composition of the board.

It is noted that the Issuer is not subject to any further provisions regarding the composition of the Board of Directors in accordance with the rules provided for by TUF.

Lastly, it should be noted that, in terms of gender balance, on 1 January 2020 the provisions of the Budget Law 2020 entered into force amending articles 147-*ter*, paragraph 1-*ter*, and 148 paragraph 1-*bis* TUF. In particular, as concerns the renewal of corporate bodies that occurs subsequent to 1 January 2020, this law has: (i) increased the percentage of body members that must be taken up by the under-represented gender from at least one third to at least two fifths; this applies to both the administrative body and the control body; and (ii) extended the period of validity of this new criteria (minimum two fifths) - from the previous three consecutive terms of holding office - to six consecutive terms of holding office.

In furtherance of the above-mentioned new regulations, the Shareholder's agreed on 12 June 2020 the amendments to the Articles of Association, namely art. 13.6 (election of the members of the Board of Directors) and art. 21.13 (election of the members of the Board of Statutory Auditors), bringing the wording of said articles in line with the laws and regulations in force from time to time on the subject of gender balance in the composition of the administrative and control bodies of listed companies, and thus deleting the reference to one third criterion which is no longer applicable. The new provisions in any case shall be applicable with effect as of the date upon which the corporate body is subject to renewal, which the Shareholders' Meeting of Unieuro shall be required to resolve on, and which - for both the Board of Directors and the Board of Statutory Auditors - shall be the date of approval of the financial statements as at 28 February 2022. Moreover, by way of resolution No. 21359 of 13 May 2020, Consob amended art. 144-*undecies* of the Issuers' Regulation to provide that, if the application of the gender-division criterion does not result in a full number of members belonging to the under-represented gender on those corporate bodies made up of three members, then said number shall be rounded down to the lower unit (without prejudice to those other cases which provide for rounding up to the higher unit).

For information on the role of the Board of Directors and Board committees in the processes concerning self-assessment, appointment and replacement of directors, please see Section 7 of this Report.

4.3. Composition (pursuant to art. 123-*bis*, paragraph 2, letter d), d-*bis*), TUF)

The current Board of Directors is made up of eleven members having appropriate diverse professional profiles and skills. Indeed, said Board is comprised of members from the following areas: business; managers from other sectors; finance; professionals; academia. 7 members of the Board are independent directors and there is a sole

executive director who is the Chief Executive Officer. Thus, the number and skills of non-executive directors are deemed such to ensure they have significant weight in the passing of board resolutions and safeguard the effective monitoring of management.

On 18 June 2019, the Shareholders appointed the current Board of Directors, which was initially made up by 9 members whose terms of office shall expire upon approval of the financial statements as at 28 February 2022.

Bernd Erich Beetz, Catia Cesari, Monica Maria Luisa Micaela Montironi, Alessandra Stabilini, Marino Marin, Giancarlo Nicosanti Monterastelli, Gianpiero Lenza and Robert Frank Agostinelli were selected from the "majority" list presented by Monte Paschi Fiduciaria S.p.A. on behalf of IEH (holder of 33.8% of share capital at the date of submission of the list, and voted by 59.55% of ordinary shares admitted to the vote), whereas Pietro Caliceti was selected from the "minority" list presented by institutional investors (representing a total of 5.8% of share capital at the date of submission of the list and voted by 26.80% of the ordinary shares admitted to vote).

Following the resignation of Robert Frank Agostinelli, Bernd Erich Beetz and Gianpiero Lenza, on 23 January 2020, the resulting lacunae in the Board of Directors of Unieuro was filled on 20 February 2020 by the appointment of Michele Bugliesi, Paola Elisabetta Galbiati and Stefano Meloni (who has held the office of Chairman of the Board of Directors since 24 February 2020). These appointments were confirmed at the Company Shareholders' Meeting held on 12 June 2020 pursuant to and for the purposes of article 2386 Civil Code.

On 24 May 2021, the Company received a request, submitted jointly by the shareholders Iliad S.A. and Iliad Holding S.p.A., that the agenda of the ordinary part of the Shareholders' Meeting of 15 June 2021 be supplemented.

The shareholders, pursuant to article 126-*bis*, paragraph 1 of legislative decree No. 58/1998, requested the addition of the following item on the agenda: "Appointment of 2 (two) Directors with prior redetermination of the number of members of the Board of Directors from 9 (nine) to 11 (eleven) Directors. Inherent and subsequent resolutions".

More specifically, Iliad S.A. and Iliad Holding S.p.A. submitted the following resolution proposal to the Shareholders' Meeting for approval:

- redetermination of the number of members of the Board of Directors of the Company, increasing it from 9 (nine) to 11 (eleven);
- appointment as new Board Directors of the Company of Mr. Benedetto Levi and Mr. Giuseppe Nisticò, who will remain in office until expiry of the term of office of the current Board of Directors, and therefore until the approval of the financial statements as at 28 February 2022;

The Shareholders' Meeting held on 15 June 2021 duly redetermined the number of members of the Board of Directors from nine to eleven and approved the appointment of Benedetto Levi and Giuseppe Nisticò as new Directors of the Company.

As of the date of this Report, the composition of the Board of Directors is as shown in the following table:

Criteria and diversity policy in the composition of the Board and corporate organisation

As regards the composition of the Board of Directors, the presence of differentiated and diverse professional backgrounds ensures compliance with the applicable recommendations of the Corporate Governance Code and is assessed annually as part of the self-assessment process.

The results of the board evaluation show a positive assessment made by the directors with regard to the size, numerical composition, combination of age, gender and experiences and professional and personal characteristics of the members of the Board of Directors. Overall, the directors considered that the Board has carried out an adequate activity during the reference period, having addressed the relevant business and financial topics, relying on a good mix of internal skills and on the spirit of duty of its members united by commitment and a sense of responsibility in carrying out their roles.

For more details on the outcomes of the self-assessment, please refer to the "board evaluation" section of this Report.

Please also note that for the composition of the Committees, in accordance with the Regulations of the Unieuro Board of Directors, the Board takes into account the independence requisites, the professional characteristics of Directors and their experience, so that each Committee is made up of members whose skill-set and professionalism is deemed adequate for the duties entrusted to the Committee on which they serve. The Board of Directors also takes into account the respect of gender equality and recommends that the chair of its Committees be divided equally between genders.

Finally, on 13 January 2022, the Board of Directors approved the Guidelines on the optimal qualitative-quantitative composition of the management body as required under the Corporate Governance Code in view of the renewal of the current Board.

In this context, the Board of Directors trusts that Board renewal will be implemented according to a rationale of continuity so ensuring the stability and consistency of Company management, mindful that the Board, as is currently made up, has:

- gained thorough knowledge of the Company's organisational and business issues;
- achieved operational effectiveness, carrying out timely and ongoing control and direction functions for the Company for the entire term of its mandate;
- supported business development.

Furthermore, the Board deems it useful that its members be reinforced by persons holding managerial skills – preferably coming from the sector in which the Company operates and from the digital innovation field – who are strongly focused on strategy and the exercise of business judgement such as to consolidate the abilities of strategic vision, interpretation of the evolution of market scenarios and evaluation of new business opportunities on the part of said Board.

On 11 May 2022, the Board of Directors, following a prior assessment on the part of the Remuneration and Appointments Committee, evaluated the advisability of adopting a specific policy on the diversity in corporate bodies.

More specifically, during the above-mentioned meeting, the Board of Directors decided, in continuity with the previous year, not to adopt any specific policy on grounds that the suite of legal and regulatory provisions, including those under the Corporate Governance Code, for the composition of the administration, management and control bodies of the Company, allow for the adequate composition on matters such as gender, age, experience, professional and personal characteristics.

In any event, it should be noted that the Board of Directors is currently made up of 7 members belonging to the most represented gender and 4 members belonging to the under-represented gender.

In the context of protecting and safeguarding human resources, as indicated in the Code of Ethics, diversity and inclusion represent at Unieuro an opportunity for enrichment and innovation fundamental to ensuring that business activities are performed out in a concrete and sustainable manner.

The Issuer is committed to promoting equal opportunities in all aspects of employment relations commencing as of the recruiting stages, ensuring that candidates are selected solely on the basis of their skills, conducting a selection process that is clear, transparent, evidence-based and free of any discriminatory parameters.

For further information, please refer to the Code of Ethics adopted by the Company and made available to the public on the corporate website in the section "Corporate Governance / Corporate Documents and Procedures".

Maximum number of offices held in other companies

The Board of Directors, having considered that:

- each member of the Board of Directors resolves with knowledge of the facts and in autonomy, pursuing the objective of creating value for the Shareholders over a medium to long-term horizon, and - in accordance with the recommendations of the Corporate Governance Code- , ensures he /she gives adequate time and availability for the diligent performance of his/her duties, regardless of the positions held outside Unieuro Group with full awareness of the responsibilities inherent to the office held;
- to this end, prior to accepting office at the Company and notwithstanding the limitations established by the provisions of law and regulations regarding the accumulation of posts, each candidate for the position of Director must carry out an assessment of his/her ability to perform the tasks so assigned with due attention and effectiveness, taking into account, in particular, the overall commitment required by those posts held outside of the Unieuro Group

deemed it unnecessary to express any stance with regard to the maximum number of administrative posts held by board members in other companies, considering it more appropriate that a check be conducted from time to time, as to the overall number of actually offices held.

Without prejudice to that stated above, on 14 April 2020 the Board of Directors issued its guidance regarding the maximum number of administration and control offices deemed compatible with effective performance of the office of executive director or member of one or more Company internal board Committees (“**Guidance**”), as illustrated below.

Executive Directors of Unieuro, being those Directors holding positions on any of the Company’s intra-board committees - may accept and retain the office provided that they believe they can devote the necessary time to ensure the effective performance of their duties. Such evaluation shall take into account both the number and nature of the positions held in the administration and control bodies of the Relevant Companies (as defined below) and the commitment required of them to carry out their further professional activities and corporate offices.

The companies considered as relevant for the purpose of the calculation of the accumulation of positions held in them are:

- a) Italian or overseas companies with shares listed on regulated markets;
 - b) Italian or overseas companies which prevalently operate in the insurance, banking, securities brokerage, asset management or financial sectors;
- collectively, “**Relevant Companies**”.

The guidance approved by the Board provides for the following:

- a) **those persons holding the role of executive Director** of Unieuro may hold up to a maximum of three positions as Director or Standing Auditor in Relevant Companies, in addition to the position held in Unieuro;
- b) **Unieuro Directors who are members of the Unieuro intra-board committees** may hold up to a maximum of five positions as Director or Statutory Auditor in Relevant Companies, in addition to the position held in Unieuro.

For the purposes of counting the offices indicated above, any offices held in non-profit entities or companies directly and/or indirectly controlled by or associated with Unieuro are not taken into account.

The Directors are required to provide the Board of Directors an annual update stating the administrative and/or control positions held. The Directors shall promptly inform the Board of Directors in the event the roles held by them exceed the limits indicated.

Should the number of offices actually held exceed the limits set out above, the Board of Directors of Unieuro shall evaluate the situation from the viewpoint of the Company interests and may agree to exemptions (including temporary exemptions), giving reasons therefor.

For completeness, please note that on 23 March 2022 following a preliminary analysis on the part of the Remuneration and Appointments Committee, the Board of Directors deemed the Guidance to be adequate for the Unieuro structure and on 13 April 2022, verified that each Director who is a member of a Committee as well as the Chief Executive Officer is conformant with said Guidance.

4.4. Function of the Board of Directors (pursuant to art. 123-bis, paragraph 2, letter d) TUF)

On 20 December 2021, in the context of adjusting corporate governance matters line with the Corporate Governance Code, the Board of Directors adopted a set of procedural rules that set forth their correct functioning ("**Regulations**"), also with a view to ensuring effective management of board information available to the public on the Company's corporate website in the section "Corporate Governance / Corporate Documents and Procedures".

Said Regulations govern the role, organisation and operating methods of the Board of Directors, as well as the main organizational profiles of the Company's corporate governance model, to ensure, inter alia, the effective management of information amongst the corporate bodies. The Regulations further provide that operating procedures of the Committees shall be governed by specific regulations, approved by the Board of Directors upon the proposal of said Committees.

As regards meeting minutes, discussions and relative resolutions shall be recorded in meeting minutes drawn up in the Italian language, signed off by the Chairman and the Secretary (and by the Notary in those cases provided for by law).

Said minutes shall be drawn up as a short-form report of the business discussed and shall set forth: The principal interventions, as shall be summarized by the Secretary and, more specifically, those parts of any illustrations made that are deemed essential supplementary elements to the documentation submitted; the questions and answers deemed apposite to clarify the documentation; any comments deemed relevant or which are specifically requested be recorded in the minutes; the votes cast by Directors.

The draft minutes shall be prepared by the Secretary and submitted to the Chairman for his/her validation and subsequent circulation to the Board of Directors. The Chairman may arrange the immediate recording of the minutes without prior approval on the part of all the other members in the event there are objective grounds of an urgent nature that render this necessary. In all cases the minutes shall be signed off by the Secretary.

Prior to approval, the draft minutes shall be circulated to the other members of the Board of Directors, and of the Board of Statutory Auditors to allow them to make any observations thereon by way of the Secretary, who shall then circulate them amongst the other meeting attendees. As a general rule, the draft minutes shall be put forward for approval at the very next Board meeting.

The minutes shall be kept by the Company Secretary in paper form on the corporate books containing meeting documentation and resolutions and shall also be made available for consultation by Directors or Statutory Auditors on the IT platform. The supervisory body may consult the minutes on request.

The Chairman the Secretary or Company Secretary may raise certified parts or extracts of those sections of the minutes pertaining to resolutions adopted for immediate execution prior to completion of the verification process of the complete version of the minutes. Said complete version shall indicate the interventions made.

To facilitate discussion of the items on the agenda, the Secretary or the Company Secretary shall make available to the Directors and Statutory Auditors such documentation as is deemed reasonably necessary to provide adequate information on the items on the agenda

Preparation and subsequent sending of supporting documentation by the Company Secretary is governed by the “Procedure for the management of information flows to Board members of Unieuro S.p.A.” duly adopted by the Company.

The Company Secretary shall send such documentation relating to the matters for discussion to the Board of Directors and the Board of Statutory Auditors, as a general rule not less than five days prior to the meeting, together with the notice of call to said meeting.

For any extraordinary meetings not scheduled on the annual calendar that are convened on less than five days' notice, or in any case convened in a manner not in compliance with the above-mentioned deadline, the documentation shall be made available as soon as possible, and in any case prior to board meeting commencement.

Said documentation shall be accessible by the Board of Directors and the Board of Statutory Auditors through an IT platform with restricted access and that ensures that the data and information are sufficiently safeguarded. In case of specific requirements, the information may be made available in an alternative manner provided that such manner allows the complete documentation to be kept confidential and accessed in a timely way.

Directors and Statutory Auditors are under a duty to treat all information made available pursuant to the previous article as confidential, as is equally confidential all information acquired by them for the purpose of their offices as specified under article 8 of the Regulations.

Should any Director or Statutory Auditor deem additional documentation necessary, then he/he shall inform the Company Secretary in writing in good time to allow said Company Secretary to liaise with the relevant company functions and procure the necessary information, preferably no later than the day prior to that fixed for the meeting. The Company Secretary shall send any additional information, where available, by commencement of the meeting.

Should it not prove feasible to provide documentation well in advance, the Chairman, with the support of the Secretary, shall ensure that a timely and thorough explanation be given on the issue/s during the board meeting.

The Chairman may check with the Company Secretary that the above-mentioned information has been duly made available to the Directors and Statutory Auditors. Such information may be supplemented with any illustrations as may be provided during the board meeting, or in any specific preparatory meetings to clarify any issues and ensure that Directors are able to perform their functions in an informed manner.

During the self-assessment process conducted at the end of the 2021-2022 business year, the adequacy and timeliness of pre-meeting information was specifically addressed by the directors who agreed that such disclosures were consistently made in a timely and sufficient manner.

Pursuant to article 18 of the Articles of Association, the Board of Directors shall meet at the Company registered office or at any other place as shall be indicated in the notice of meeting provided that such place is within Italy whenever the Chairman deems such meeting to be necessary, or by the vice chairman should the former be absent or prevented from calling a meeting.

The Board of Directors shall also meet where requested in writing by at least 3 (three) of its members (if the Board has seven 7 (seven) or 9 (nine) members) or by at least 4 (four) of its members (if the Board has 11 (eleven) to 15 (fifteen) members), to resolve on any specific management issue they deem of particular importance; this issue shall be mentioned in the notice of meeting.

For the purpose of providing appropriate further details regarding the items for discussion on the agenda, invitations to attend board meetings held during Financial Period were given to several senior staff of the Issuer in charge of pertinent corporate functions as well as several outside consultants. This enabled said board meetings to be used also as opportunities for the Directors to obtain adequate information with regard to the management of the Company.

More specifically, the Legal Director is an established participant in the meetings of the Board of Directors and he or she describes the topics pertinent to his or her function in relation to the matters on the agenda for the Board of Directors. The General Manager, Chief Financial Officer and the Manager responsible for the preparation of the company's accounting documents also participate in most meetings of the Board of Directors, as does the Internal Audit Manager or the Company's employees from time to time depending on the matters on the agenda, to describe specific topics connected with its business, upon request of the Board Chairman.

In accordance with article 18 of the Articles of Association, the Board of Directors' meeting is quorate if the majority of its members are present. Meetings of the Board of Directors may also take place by videoconference or conference call, provided that each participant can be identified by all the others and that each participant is able to participate in the discussion of business in real time, as well as to send, receive and view documents. Provided these

conditions are met, the meeting is deemed to be held at the venue from which the Chairman and Secretary take part.

The Board of Directors passes resolutions with the favourable vote of the absolute majority of board members present.

The CEO holds the office of principal executive in charge of management of the enterprise pursuant to the Corporate Governance Code.

On 19 May 2021, in the broader context of the remodelling of Unieuro's organisational structure, the Board of Directors established the office of Chief Strategy Officer. Such officer reports directly to the Board of Directors and is responsible for determining and implementing the company's strategic development as well as relations with strategic stakeholders.

The Board of Directors resolved that said office be entrusted to Giancarlo Nicosanti Monterastelli, who is already Chief Executive Officer of the Company and its CEO.

Chairman of the Board of Directors

In accordance with the provisions of the Articles of Association, the Chairman has not been entrusted with any management powers, nor does he/she perform a specific role in the development of corporate strategies and is not the Issuer's controlling shareholder.

Executive Committee

Pursuant to article 20 of the Articles of Association, the Board of Directors may also decide that an executive committee be created, such committee composed of several of its members.

At the date of this Report no executive committee has been created.

Reporting to the Board

As provided for by article 2381, para. 5, Civil Code, and article 20.2 of the Articles of Association, delegated bodies are required to report to the Board of Directors - promptly and at least quarterly - duly reporting during the Board meetings at which at least one representative of the Board of Statutory Auditors is present, on the activities carried out, the overall performance of the management and the foreseeable evolution thereof, as well as the most significant transactions in terms of size and characteristics carried out by the Company.

The Articles of Association also state that the directors promptly report, at least on a quarterly basis, to the Board of Statutory Auditors on the activities carried out and on the most significant economic, financial and asset transactions carried out by the Company or its controlled companies and, in particular, on transactions in which such directors have an interest, be it on their own behalf or on behalf of third parties, or which are influenced by the party who may exercise direction and coordination. Such information is usually given at meetings of the Board of Directors.

Other executive directors

There are no other Executive Directors except for the CEO, Mr Giancarlo Nicosanti Monterastelli.

4.7. Independent Directors

Pursuant to the provisions of article 147-ter, paragraph 4 TUF, where the Board is made up of more than seven members, then at least two of them must meet the independence requirements established for the Board of Statutory Auditors under article 148 paragraph 3 TUF.

Furthermore, according to the provisions of art. 2.2.3, paragraph 3 letter m) of the Stock Market Regulations and of art. IA.2.10.6 of the Instructions to the Stock Exchange Regulations, where the boards consist of 9 to 14 members, at least three of them must satisfy the requirements of the Corporate Governance Code.

The Corporate Governance Code provides that an adequate number of non-executive directors must be independent, which means that they must not have, or have had recently, any direct or indirect dealings with the issuer or with any issuer-related party that could be such as to compromise their impartiality of judgement.

The Board verifies the continued application of the above requirements based on the information that the interested parties are required to provide under their own responsibility

pursuant to article 12 of the Articles of Association and in any case information that is available to the Board.

The Board's finding during the first meeting after its appointment, such meeting being held on 26 June 2019 in the presence of the Board of Statutory Auditors was that it considers Pietro Caliceti, Catia Cesari, Marino Marin and Monica Luisa Micaela Montironi to be - on the 20 February 2020 that it considers Michele Bugliesi, Paola Elisabetta Galbiati and Stefano Meloni to be, and finally on 24 June 2021 that it considers Benedetto Levi and Giuseppe Nisticò to be - persons satisfying the requirements to qualify as independent directors according to the application criteria defined in the Corporate Governance Code and the criteria of article 147-ter, paragraph 4 TUF which reiterates the criteria set forth in article 148 TUF.

More specifically as concerns the Directors in office, the Board of Directors on the basis of the declarations made by the Directors and the information available to the Company determined most recently on 13 April 2022, that 7 Directors meet the independence requisites provided for by law and the Corporate Governance Code (Stefano Meloni, Michele Bugliesi, Pietro Caliceti, Catia Cesari, Paola Elisabetta Galbiati, Marino Marin and Monica Luisa Micaela Montironi) who, as referred to in the Company's Articles of Association 7 of the Corporate Governance Code and thus:

- a) are not significant shareholders of the Company;
- b) have not been an executive director or employee in the previous three financial years:
 - of the Company, a controlled company having strategic relevance or of a company under common control;
 - of a significant shareholder of the company;
- c) have not had in the previous three financial years, a significant commercial, financial or professional relationship, directly or indirectly (for example through controlled companies or through companies of which he or she is an executive director, or as a partner of a professional or a consulting firm);
 - with the Company or its controlled companies or its executive directors or top management;
 - with a person who alone or together with others under a shareholders' agreement, controls the Company; or, if the controlling party is a company or other entity, then with controlling party's executive directors or top management;
- d) have not received from the Company, any of its controlled or controlling companies including in the preceding three company financial years, any significant remuneration other than fixed remuneration for the office and that provided for the position held on committees recommended by the Code or required by law in force;
- e) have not served as Directors of the Company for more than nine financial years, whether or not consecutive, in the last twelve financial years.

- f) have not held the office of executive director in another company in which an executive director of the company holds the office of director;
- g) are not shareholders or Directors of a company or an entity belonging to the network of companies that has been entrusted to carry out the external legal audit of the Company;
- h) are not a close relative of any person that is in one of the circumstances situations listed above.

Please note that, in application of Recommendation No. 7 of the Corporate Governance Code - which specifies determined circumstances deemed to compromise or that would appear to compromise, the independence of a director (as well as that of an auditor, pursuant to Recommendation No. 9) - the Board of Directors on April 15 2021 following a preliminary assessment carried out by the Remuneration and Appointments Committee, laid down the assessment criteria to measure the relevant nature of commercial, financial or professional relations of independent directors with the Company, as well as any additional remuneration received by said directors in relation thereto. More specifically, the Board of Directors deems a Director to be independent based on the following factors, without prejudice to the assessment of particular circumstances based on the specific case:

- the total value of any commercial, financial or professional relationships maintained during the current year or in the three previous years with the Company and/or its subsidiaries or with its executive directors or top management or with a person who controls the company or with the related executive directors or top management, does not exceed the lesser amount between:
 - 5% of the annual turnover of the company or entity of which the Director has control, or is a key representative of, or of the professional firm or consulting company which he/she is a partner in;
 - (i) Euro 300,000 (meaning an annual fee for professional services rendered to the Company by the company or body over which the Director has control of or of which he/she is a key representative or by the professional firm or company consultancy of which he/she is a partner in or (ii) Euro 150,000 (meaning an annual fee for the professional services rendered to the Company by the Director as an individual professional).
- the additional remuneration paid directly to the Director during the current financial period or in the three previous financial periods (i) by the Company or (ii) by its parent company or any subsidiaries thereof, does not exceed the overall remuneration he/she receives due to his/her office and participation in those committees recommended by the Corporate Governance Code or envisaged by the legislation in force.

The Board also specified that the fact of being a "close family member" of a person who exceeds one of the above-mentioned thresholds is also a circumstance deemed relevant to the compromising of a director's independence, whereby "close family members" are deemed to be parents, children, spouses who are not legally separated and cohabitants, in

alignment with that set forth in the Q&A to the Corporate Governance Code published in November 2020 by the Corporate Governance Committee.

On 23 February 2022, the Board of Directors confirmed the adequacy of the above-mentioned criteria, which shall therefore be applied for the purpose of assessing the independence of the newly elected Board of Directors that shall be appointed at the Shareholders' Meeting called to approve the financial statements as at 28 February 2022.

On 13 April 2022, the Board of Directors, following a preliminary investigation by the Remuneration and Appointments Committee, assessed on the basis of the information made available by the interested parties and/or in any case available, those relationships that are generally deemed to compromise independence. During the self-assessment process, said Board considered that 7 directors out of 11 and the competencies of the independent directors, are adequate for the needs of the company, the functioning of the administrative body and the intra-board committees.

Therefore, the Board of Directors has:

- confirmed the previous assessment in relation to as to whether the Chairman Stefano Meloni and the Directors Michele Bugliesi, Pietro Caliceti, Catia Cesari, Paola Elisabetta Galbiati, Marino Marin and Monica Luisa Micaela Montironi meet the independence requisites laid down by law and the Corporate Governance Code, there not having been an occurrence of any of the circumstances indicated in Recommendation No. 7 of the Corporate Governance Code;
- confirmed that the non-executive directors Benedetto Levi, Giuseppe Nisticò and Alessandra Stabilini are not deemed to be independent directors.

With specific regard to the assessment of the independence of the Chairman Stefano Meloni, please note that he was deemed not to hold the independent requisites pursuant to the provisions of TUF on first appointment and that, following the introduction of the new provisions of the Corporate Governance Code - which no longer deem a director to be non-independent solely on grounds he/she is a "significant officer" - an expression that also included the office of Chairman regardless of whether or not he/she is an executive - it has been possible to classify Mr Meloni as an independent director also pursuant to the Corporate Governance Code.

On grounds there have been no changes to the circumstances described above in the year in question, the Chairman is also this Financial Year deemed to meet the independent requisites in accordance with both the law and the Corporate Governance Code.

It should be noted that on 11 May 2022, Director Alessandra Stabilini informed the Board of Directors that she qualified as an independent director since the professional association relationship with the law firm with which Unieuro maintains business relations had ceased. Therefore, following the assessment of the Remuneration and Appointments Committee, the Board of Directors has verified that Mrs. Alessandra Stabilini meets the requirements of independence pursuant to the law and the Corporate Governance Code.

Each non-executive director has provided all the elements necessary or useful for the Board's evaluations.

The Board of Statutory Auditors, within the remit of the tasks entrusted to it by law, verified the correct application of the confirmation and verification criteria adopted by the Board to

assess the independence of its members and the results of these checks will be disclosed to the market within the remit of the Statutory Auditor's report to the Shareholders' Meeting.

The Board of Statutory Auditors has always checked on the correct application of the assessment criteria and procedures adopted by the Board to assess the independence of its members.

During the Financial Year the independent Directors met without the other directors on one occasion at an autonomous' meeting held on 19 February 2021 and, more recently, on 17 February 2022 in order to agree on the guidelines for the performance of their role within the Company's Board of Directors and of the intra-board committees. At such meeting, chaired by Marino Marin, the Independent Directors also addressed the issue of the effectiveness of the Board of Directors, taking also into account their task of overseeing the regularity of internal processes. The independent directors concluded they are satisfied with the dynamics in place to perform interaction between the diverse Board members and between said Board and the Company management.

4.8. Lead Independent director

In consideration of the fact that the offices of Chairman and Chief Executive Officer are held by different persons and mindful that the office of Chairman is held by a person who does not control the issuer nor hold an executive office, the Company has not designated an independent director as lead *independent director* on grounds that the conditions set forth in Recommendation 13 of the Corporate Governance Code. This decision was also confirmed at the meeting of the Board of Directors held on 18 March 2021 at which the Board resolved to adhere to the new Corporate Governance Code.

5. PROCESSING OF COMPANY INFORMATION

The Board of Directors of the Company, at its meeting on 12 July 2018, approved the new releases of:

- (i) the “Internal regulation for the management of insider and relevant information”;
- (ii) the “Internal regulation relating to the keeping of the register of persons who have access to insider and relevant information”;
- (iii) the “Internal Dealing Regulation”,

originally adopted on 12 December 2016.

The above-mentioned regulations are in line with the rules governing market abuse, outlined by MAR and can be found on the Issuer’s website in the section “Corporate Governance/Corporate documents and procedures”.

5.1. Internal regulation for the management of Relevant Information and Insider information

The Internal regulation for the management of relevant information and insider information dictates certain procedural safeguards aimed at ensuring correct management of corporate information involving the Issuer and which involve insider information pursuant to the existing regulation. It is also the goal of the regulation to prevent certain recipients of such information, from using it in order to carry out speculative transactions on the market, to the detriment of investors, who are not aware of this information.

Note that: (i) “**Insider Information**” means information of a precise nature which has not been made public and which directly or indirectly concerns the Company or its financial instruments which, if made public, could have a significant influence on the prices of the Company’s financial instruments; (ii) “**Relevant Information**” means any information or news not yet classified as Insider Information that the Company deems relevant, as it relates to data, events, projects or circumstances that, continuously, repetitively, periodically, or occasionally, occasional or unexpected, directly concern the Company itself and that can, at a later stage, become Insider Information; and (iii) “**Confidential Information**” means any information or information that cannot be classified as Insider Information concerning, directly or indirectly, the Company and/or its controlled companies (“**Controlled Companies**”), which is not in the public domain or that it is by its nature confidential or exclusive to the Company and/or its Controlled Companies, acquired by the recipients in the performance of their duties and/or functions.

The Regulation is applicable to all those who have access to Relevant Information and/or Insider Information and/or Confidential Information, in particular: (i) members of the management, administrative and supervisory bodies, the members of the Company’s Committees and the members of any Controlled Companies; (ii) employees; (iii) natural and legal persons who, on account of their employment, profession or duties, have regular or occasional access to Confidential Information, Relevant Information and/or Insider Information.

5.2. Internal regulation relating to the keeping of the registers of persons who have access to Insider Information and Relevant Information

If the information is assessed to be Relevant Information, it must be recorded in a specific section of the Relevant Information Register (“RIL”), established and updated by the Company, pursuant to the laws and regulatory provisions in force at the time, indicating the subjects who have access to Relevant Information in virtue of the work or professional activity carried out or the functions performed by them.

The Company has set up a register in an electronic form pursuant to the legal and regulatory provisions in force at the time (“Register”) which it shall keep updated, indicating the persons who, by virtue of the work or professional activity performed or of the functions performed, have access to Insider Information, also on a delayed basis. The Register is made up of a several distinct sections, one for each set of Insider Information, containing data about the subjects with access to that specific Insider Information. A new section shall be added to the list each time new Insider Information is identified. In addition, a permanent section has been established which lists the names of those persons who always have access to Insider Information because of the functions or tasks performed by them.

The internal regulation concerning the keeping of the Register of persons having access to Insider Information and of the Register of persons having access to Relevant Information sets forth the rules and procedures for keeping and updating the Register and the RIL.

5.3. Internal Dealing Regulation

The Internal Dealing Regulation, amended by the Board of Directors on 12 July 2018 to reflect the changes made to the Consob Regulations by means of resolution No. 19925 of 22 March 2017, sets out a procedure relating to the disclosure obligations imposed on relevant persons and persons closely associated with the relevant persons, who perform transactions on shares, on derivative financial instruments or on related financial instruments.

The “relevant persons” are: (a) members of the Company’s administrative or supervisory body; (b) executives who, although not members of the Company’s administrative or supervisory bodies, have regular access to Insider Information concerning the Company directly or indirectly and hold the power to adopt decisions that may affect the Company’s future evolution and prospects, as from time to time identified by name by the Board of Directors of the Company or by any party delegated by the Board; (c) persons performing the functions referred to in subparagraphs (a) and (b) above in a company controlled directly or indirectly by the Company, if book value of the shareholding is more than 50% of the assets of the Company based on the last approved financial statements; and (d) anyone holding a shareholding, calculated in accordance with article 118 of the Issuers’ Regulations, of at least 10% of the Company’s share capital, with voting rights attached thereto, as well as any other entity that controls the Company.

The Internal Dealing Regulation, *inter alia*, identifies the relevant transactions for the various persons targeted by the applicable legislation, the materiality threshold of such transactions

and contains the rules regarding management, processing and communication of information relating to such transactions.

6. BOARD COMMITTEES (pursuant to art. 123-bis, paragraph 2, letter d), TUF)

In compliance with the Corporate Governance Code recommending that listed companies establish within their boards of directors, intra-board committees having competency for specific areas, on 26 June 2019 following its own taking of office, the Board of Directors established the following committees which will submit proposals and provide advice.

- Remuneration and Appointments Committee;
- Control and Risk Committee;
- Related Parties Transactions Committee.

In view of the Company's organisational needs, its mode of operation and the size of its Board of Directors, the Company has established a single committee for remuneration and appointments pursuant to Articles 5 and 6 of the Self-Regulation Code then in force, which is responsible for making enquiries, providing advice and offering suggestions to the Board of Directors.

On 12 November 2020, the Board of Directors, mindful of the growing importance of social and environmental matters in the corporate governance systems of listed companies, approved the establishment of a Sustainability Committee within its organization, such committee to carry out propositional and consultative functions to said Board on sustainability related matters, evaluating the processes, initiatives and activities to oversee Unieuro's commitment to create long-term value for the benefit of all its stakeholders.

The members of the Control and Risk Committee, including its Chairman, were appointed by the Board of Directors on 26 June 2019. Namely: Gianpiero Lenza, Monica Luisa Micaela Montironi and Marino Marin (as Chairman).

Following the resignation of director Gianpiero Lenza on 4 March 2020, the Board of Directors resolved to integrate the composition of the Control and Risk Committee and thus appointed independent Director Paola Elisabetta Galbiati as the third Committee member, so elected on 20 February.

The Control and Risk Committee in office on the date of this Report, is consequently made up entirely of Independent Directors, being Marino Marin (in his capacity as Chairman), Monica Luisa Micaela Montironi and Paola Elisabetta Galbiati.

Furthermore, during the first few months of the financial period, the Committee requested that the consulting firm, Management Search, carry out an analysis of the remuneration of members of the Board of Directors and of the Board of Statutory Auditors, with reference to a selected sample of other companies operating in analogous sectors or of comparable size to that of Company, so as to verify whether the remuneration paid to non-executive Directors and members of the Board of Statutory Auditors was appropriate having regard to the skills, professionalism and commitment required by such offices.

On May 2021, on the basis of the analyses carried out by the Committee, a material misalignment of the remuneration levels of Unieuro was found with respect to the average values of the panel of comparison companies considered and - as specifically regards the remuneration of its board members - with reference to the remuneration envisaged for participation on intra-board Board Committees. Therefore, the Committee found that the remuneration of the management body is not in line with the level of commitment actually made and that yet to be carried out up to the end of the term of office by its members on the Board as well as on intra-board committees. Such finding

also took, into consideration the alteration to the strategic and corporate context in which Unieuro is positioned as a consequence of the Company's strong growth and the intervening change of Unieuro to a public company structure. The Committee also pointed out that the total remuneration granted to the Board of Directors upon its appointment in 2019 has not undergone any adjustment with respect to the amount of remuneration the Shareholders resolved said body be granted in 6 February 2017. Indeed, at that time the Board of Directors of Unieuro was made up of 7 Directors rather than 9.

The Committee therefore deemed it appropriate to propose to the Board of Directors that the Shareholders, at the Shareholders' Meeting, be asked to increase the overall gross annual remuneration of the Board of Directors by EUR 130,000.00 (one hundred and thirty thousand/00), plus VAT and social security contributions thereon where applicable, such amount to be subsequently distributed by the administrative body pursuant to article 2389, paragraph 3 of the Civil Code and the Articles of Association.

The Committee also took note that the Board of Statutory Auditors submitted that the remuneration resolved on at the Shareholders' Meeting held on 18 June 2019 was no longer adequate having regard to the commitment actually required and said Board's request to the Board of Directors, for a proposal to be put to the Shareholders' Meeting for an increase of the remuneration of the Board of Statutory Auditors up to the end of its terms of office, such increase to take into account the broader scope of controls to be carried out as a consequence of the strong growth of the Company - which has led to an increased complexity of the business it operates - as well as the changes to the relative corporate and organisational structure, principally deriving from the intervening change of Unieuro to a public company.

Furthermore, during June 2021, following the approval at the Shareholders' Meeting of the proposal put forward by the Company to increase the overall gross annual remuneration of the Board of Directors by EUR 130,000.00 (one hundred and thirty thousand/00), plus VAT and social security contributions, thus bringing it to a total amount of Euro 710,000.00 (seven hundred and ten thousand/00), the Committee, upon unanimous approval of its members and having heard the opinion of the Board of Statutory Auditors, expressed its favourable opinion on the proposal concerning distribution of the Board of Directors' total remuneration.

Remuneration and Appointments Committee meetings have been attended by the Company's Human Resources Director (on occasions replaced by the Legal Director) who acted as secretary and presented those issues within the remit his/her responsibility as well as, as required, by other managers of the Company, upon proposal of the Chairman of the Committee and duly informing the Managing Director. The Chairman of the Board of Statutory Auditors, was amongst others who participated at the meeting. The meetings were all convened by the Chairman of the Committee who coordinated their tasks. The Secretary duly drew up minutes for all the meetings.

The Chairman shall provide information regarding the activities of the Remuneration and Appointments Committee at the next sitting of the Board of Directors.

Board Evaluation

The Board of Directors assessed the operation of the said Board and its Committees, as well as their size and composition, also taking into account elements such as professional characteristics, experience, including managerial experience, the gender of members, their seniority in office, diversity criteria, as required by article 4, recommendation 23 of the Corporate Governance Code.

For such assessment as regards the Financial Year, the Company was supported by consultancy firm Management Search, which assisted the Company in the preparation of questionnaires to be sent to the members of the Board, upon prior favourable opinion of the Remuneration and Appointments Committee. Upon appointment of said consultancy firm, the Company asked that it take into account during the performance of its activities, the recommendations set forth the Letter of the Corporate Governance Committee dated 3 December 2021.

The self-assessment process was carried out by way of individual interviews with the consultant so appointed, on the basis of a questionnaire prepared by said consultant which was reviewed and agreed on in advance by the Remuneration and Appointments Committee. The questionnaire was submitted and completed by the directors prior to the relative interviews and includes comments or suggestions for any improvements deemed appropriate with regard to the composition and functioning of the Board and the committees established by these bodies. All analyses and comments were processed by the consultant on an anonymous and confidential basis which does not identify the author, so as to facilitate freedom of expression on the part of each director, free from any constraints that could arise in another context, for example, during board meetings.

At the end of the process, a document summarising the outcomes of the evaluations provided by the individual directors was presented to the Remuneration and Appointments Committee and the Board of Directors on 10 January 2022 and 13 January 2022 respectively.

The outcomes of the board evaluation process demonstrate that the directors made a positive assessment with regard to the size, number, combination of age, gender and experience and professional and personal characteristics of the members on the Board of Directors. Overall, the directors also considered that the Board has carried out adequate activities during the year, duly dealing with relevant business and financial issues, relying on a good mix of skills on the Board and a good level of spirit of service on the part of the members who shared a sense of commitment and responsibility in carrying out their offices.

The observations made by the Board members highlight, amongst the strengths of the current Board and over and above its commitment, dedication of time and active participation in Company life - the overall good functioning of the Board of Directors and more specifically as regards its:

- composition in terms of the mix of its skills and experience;
- capability to engage in open and transparent debate;
- willingness to engage in debate in a thorough and broad manner;
- ability to react promptly to external events;
- maintenance of a constructive and collaborative environment within it the Board in the interests of the Company.

Notwithstanding that the Board members highlighted an overall positive judgement in their annual self-assessment reports, in order to facilitate improvements in the functioning of the Board of Directors and the Committees set up by said Board, the members identified certain areas of the Board as could be improved,

in terms of its contribution to determining the Company's development strategies. Indeed, the Board members deemed it necessary for the Board to have expertise so as to develop:

- a higher level of understanding of business and commercial issues;
- greater knowledge in the field of large-scale distribution, primarily with regard to online business;
- greater ability to analyse trends in digital innovation and the Company's vision on digital transformation.

Furthermore, Board members would consider it opportune that the Board be reinforced by members having specific skills in the field of digital innovation. Certain members would be willing to consider adding another member on the Board, in the belief that profiles with such characteristics may contribute to strengthening the direction of the Board on strategic issues as well as its capacity for business judgement.

Finally the conclusions of the self-assessment undertaken, showed that, in view of the renewal of the Board, the members recommended that the incoming Board:

- maintain the diversity of gender, skills and experience within its ranks;
- proceed in continuance of the works already undertaken
- further increase the time devoted to the discussion of issues of strategic importance;
- share the corporate strategy whilst maintaining a dialectical, supportive attitude vis a vis management;
- be open and responsive to scenario changes.

As a concluding part of the board evaluation activity, the consultant conducted an analysis on how the evaluation process undertaken by the Company compares with that carried out by companies that constitute the reference benchmark. A comparative analysis was also carried out on boards of directors of sample companies in relation to various aspects such as: size, composition, mix of Directors' professional competencies.

More specifically, this benchmarking activity looked at the following areas:

- the composition of the Board in terms of number, diversity, average age and professional activity of its Directors;
- the operativity of the Board and of the intra-board Board Committees
- the frequency of Board evaluations
- the manner of carrying out and methodology used for Board evaluations
- the disclosure levels for the results of the Board evaluation contained in the Corporate Governance report

- the corporate bodies subject of the assessment
- the specific areas subject to the assessment that were indicated in the Corporate Governance report

The benchmark reference was eight Italian listed companies comparable to Unieuro on the basis of the following characteristics: (i) membership in the STAR segment; (ii) company size; (iii) broadest possible shareholdings (iv) market dynamism. The comparison concluded that Unieuro operates in compliance with governance best practices.

In view of the next Shareholders' Meeting, called *inter alia* to renew the corporate bodies, on 13 January 2022 the Board of Directors of Unieuro, having acknowledged the self-assessment activity carried out with the support of Management Search for the third and final year of its three-year term, furnished its guidelines on the optimal size and qualitative and quantitative composition of the new administrative body, subject to the prior opinion of the Remuneration and Appointments Committee.

Considering the number of eleven directors to be adequate, the Board deemed it appropriate that the incoming Board be established within context of continuity, to ensure stability and consistency in the actions of Company management, identifying the apposite personal and professional characteristics for the various roles on the Board.

Said Guidelines have been available to the public since 13 January 2022, on the Company's corporate website in the section Corporate Governance / Shareholders' Meetings / Shareholders' Meeting 2022 and on the authorised storage mechanism www.emarketstorage.com, thus well in advance of the publication of the notice of call (on 11 May 2022) of the Shareholders' Meeting called to renew the Board of Directors.

In the preparation of the documentation to be provided to shareholders for the submission of any lists of candidates for the office of Director, the Company has requested that any shareholder submitting a list containing a number of candidates exceeding half of the members up for election, provide sufficient information with that presented for the filing of the list, on the compliance of the list with the Board of Directors Guidelines, and to indicate their own candidate for the office of Chairman of the Board.

Succession plan

As of 2019, Unieuro appointed a first-class specialist consultancy firm to support the Company in determining the succession plan for the Executive Director concerning the reporting line and the development of profiles for successors as provided for in domestic and international best practices.

Such plan, structured as a modular scheme consisting of several phases, lead to an analysis during the course of the Financial Year of the business context and the specific characteristics pertaining to the role of Executive Director, so as to fix a reference profile for possible suitable candidates as well as to create a procedure for activation of said Plan.

On 23 February 2022, the Board of Directors, following preliminary activities on the part of the Remuneration and Appointments Committee, laid down the formalities to implement the Chief Executive Officer succession plan ("**Succession Plan**") as well as the Contingency Succession Plan which outlines the process to be followed in the event that the Chief Executive Officer were suddenly unable to perform his/her duties, so as to source the

appropriate person to perform the office during the transition period until activation of the Succession Plan. On the same date, the Board of Directors authorised the Chief Executive Officer to monitor the adequacy of the Succession Plan and to submit to the Board of Directors any requests for its amendment as may be necessary or as may be appropriate in the event of significant regulatory or organisational changes.

9. INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

During the Financial Year and in compliance with Corporate Governance Code, the Issuer adopted an internal control and risk management system that will allow it to identify, measure, manage and monitor the main risks in line with best domestic and international practices. The Issuer shall in any case periodically update the corporate risk catalogue.

The internal control and risk management system contribute to protect the company's assets, the efficiency and efficacy of the corporate processes, compliance with the laws and regulations, the Articles of Association, the internal procedures as well as the reliability of the financial information. In this area, the internal control system, set up with the objective of guaranteeing the reliability, accuracy, integrity and timeliness of the financial information, must therefore be considered as an integrative element rather than separate from the general risk management system adopted by the Company.

Said system is integral to the general organizational and corporate governance structures adopted by the company, taking into consideration as appropriate the best domestic and international practices as well as the models of reference, also in light of the evolution of this subject.

In particular, the planning, implementation and monitoring of the internal control and risk management system determined by the company have been inspired by the CoSo Framework methodology developed on the basis of the guidelines of the Committee of Sponsoring *Organizations of the Treadway Commissions*; the company plans and carries out ongoing development and streamlining of the system in all its components, in the context of continuous improvement. These components are briefly summarised below.

a) Control environment

The control environment is the organizational context within which the strategies and objectives are established as well as the procedures by which the business activities are structured and the risks are identified and managed. This encapsulates many elements, including the ethical values of the company, the skills and development of the personnel, the operating style and the procedures with which delegations, powers and responsibilities are conferred.

b) Risk assessment

Risk assessment is considered as a basic element of the system. To this end, in order to acquire instruments that are more in line with the requirements of the control and risk management system required by the organizational model overall, the status as a listed company and the business dynamics, the Company has initiated a structured process aimed at periodically identifying and assessing risks, which provides the base methodology for identifying control system and audit plan priorities.

c) Control activities

The control activities are determined within the framework of regulations, policies, guidelines and procedures that can help to ensure that the decisions for handling risks are executed in an adequate fashion. The Audit Plan, in accordance with principles of conformity with the task of optimising corporate resources and efficiency, has been implemented taking into consideration the main results of the risk assessment activities; these elements were supplemented by control activities that were triggered as a result of

the requirements stated by the Financial Reporting Officer and by the Supervisory Body, for which Internal Audit provides operational support, as explained in more detail below. The Audit Plan was approved by the Board of Directors, after analysis and evaluation by the Control and Risk Committee.

d) Information and Communication

Information is necessary at all corporate levels to identify, evaluate and implement the decisions for the handling of the risks as well as to carry out control activities in compliance with the objectives that have been previously set. The individuals who make up the internal control and risk management system carry out their function also by maintaining a constant flow of executive reporting in line with their roles.

e) Monitoring

The internal control and risk management system is periodically audited and updated in order to align the structure and the implementation procedures with the specific requirements of the organization and the market in which the Company operates, according to the guidelines expressed by the Board of Directors

On 13 May 2021, the Board of Directors: (i) approved the annual work plan prepared by the head of the Internal Audit function, having consulted the Board of Statutory Auditors and the director responsible for the internal control and risk management system; and (ii) held, based on the information provided to the Directors and having heard the opinion of the Control and Risk Committee, that the internal control and risk management system adopted by the Company is consistent with the provisions of Application Criterion 7.C.1. of the Self-Regulation Code for listed companies.

9.1. Risk management system in relation to financial reporting

As regards the internal control system in place for the preparation of the financial reports, the Company has undertaken a process of adjustment to the indications set forth in law 262/05. This process aims to document the accounting and administrative model that has been adopted as well as to put in motion specific audit checks by way of support to the certification process under the Financial Reporting Officer's responsibility.

The above-mentioned accounting and administrative audit model constitute the totality of internal procedures and instruments adopted by the Company to ensure achievement of the corporate objectives of reliability, accuracy, integrity and speed in financial reporting.

The methods applied by the Financial Reporting Officer for the analysis and verification of the administrative and accounting audit system is set forth in a document describing the model, which has been constructed in line with the indications set forth in the "CoSo Report" which is referred to as the model of reference in the ANDAF Guideline for the Financial Reporting Officer preparing the Company's accounts.

The valuation of the risks identified by the financial reporting at both the *entity* and process and individual transaction levels, aims to measure the appropriateness of the

safeguards in place to efficiently mitigate the risks inherent to the administrative-accounting process.

The approach adopted is mindful of possible risks arising due to innocent mistake as well as the risks that derive from fraudulent intent, thus providing for the planning and monitoring of safeguards and controls that guarantee coverage of this nature of risk, as well as coordination with those control protocols that have been implemented as part of the overall internal control system.

Furthermore, the approach adopted is mindful of both manual controls and those made by information systems in support of the accounting and administrative processes, in other words, so-called automatic controls at the application system level and IT general controls safeguarding the areas which relates to system access, control of development and modifications and finally, adequacy of the IT structures. At the general IT and infrastructure level, the control system is subject to analyses to reveal issues and carry out initiatives aimed at strengthening it.

Monitoring activities are concentrated on the operating processes which refer to material accounting items. Furthermore, *ad hoc* checks are carried out on activities connected to closing of those operations which the company documents, allocates the responsibilities therefor and authorizes through a dedicated information system, so as to guarantee the completeness and accuracy thereof.

The Financial Reporting Officer constantly monitors the adequacy of the controls, initiating corrective actions where necessary.

Based on the results of the activity for the tracking of the processes, risks and controls, the company determines improvement plans aimed at introducing and/or modifying the controls whether at the general or at the individual process level and moves to determine or update the administrative - accounting procedures.

9.2. Director in charge of the internal control and risk management system

By way of support to the Issuer's internal control and risk system and in addition to the internal control system, the Company's Board of Directors appointed Giancarlo Nicosanti Monterastelli on 26 June 2019 as the director in charge of the internal control and risk management system having the duties listed in Recommendation No. 34 of the Corporate Governance Code. In this regard, the Issuer deems that the appointment of Giancarlo Nicosanti Monterastelli who also holds office as CEO, is in line with the provisions of the Corporate Governance Code, which provides that said office be expressly covered by the Chief Executive Officer.

In conformity with the provisions of Recommendation 34 Corporate Governance Code, the Director in charge of the internal control and risk management system is required to:

- request, at his/her discretion, the Internal Audit department to check specific operating areas and compliance with the internal rules and procedures in executing the corporate operations. In such case he/she shall concurrently inform the Chairman of the Board of Directors, the chairman of the Control and Risk Committee and the Chairman of the Board of Statutory Auditors;
- immediately inform the Control and Risk Committee (or the Board of Directors) of any problems and critical areas that are flagged up as a result of activities or of which he/she becomes aware so that the committee (or the Board) can take the appropriate actions.

9.3. Internal audit department manager

At its meeting of 12 April 2017, the Board appointed Raffaella Folli as the *Internal Audit* Department Manager of the Issuer in charge of the Issuer's internal audit operations.

The appointment of the Internal Audit Manager is the result of a proposal put forward by the director in charge of the internal control and risk management system, after receiving favourable opinions from Control and Risk Committee and the Board of Statutory Auditors.

On the proposal of the director in charge of the internal control and risk management system and having received the favourable opinions from the Control and Risk Committee and Board of Statutory Auditors, the Board fixed the remuneration of the *Internal Audit* Department Manager in line with the corporate policies and ensured that the appropriate resources for the discharge of the relative duties are available to such manager.

The Internal Audit Department Manager reports directly to the Board of Directors and is not responsible for any operating area.

The Internal Audit Manager has adequate resources at his/her disposal to carry out the allocated tasks. During Financial Year, the Internal Audit Manager carried out the relative tasks in conformity with Recommendation No. 37 of the Corporate Governance Code in line with the Audit Plan approved by the Board of Directors, the results of which were reported to the Management, the Control and Risk Committee, the Board of Statutory Auditors and the Board of Directors.

The Company believes the incentivising mechanisms for the Internal Audit Manager are consistent with the tasks assigned to this office (Recommendation No. 33 Corporate Governance Code).

On 15 November 2020, an induction sitting of the most recent members of the Committee having taken place beforehand, the Company approved an updated version of the Model further to the introduction into law of a new type of criminal offence.

The second part of the Model is of a special nature and contains a description of the types of offences provided for in the Decree as well as the penalties applicable thereto, as concerns those risk areas considered applicable to the Company as a result of risk areas that were identified during the risk assessment process.

10. INTERESTS OF THE DIRECTORS AND TRANSACTIONS WITH RELATED PARTIES

In its meeting held on 24 June 2021, the Board of Directors, having obtained the favourable opinion of the Related Party Transactions Committee, approved new "Internal regulations governing related party transactions" (the "Procedure") pursuant to and in accordance with Consob Related Parties Regulations No. 17221 of 12 March 2010, as subsequently amended and supplemented. This Procedure, which replaces and supersedes that adopted in 2017, sets out the principles to which the Company adheres to ensure transparency and substantive and procedural fairness of transactions with related parties whether carried out directly or through its controlled companies. Said Procedure is viewable on the Company's corporate website at [https://unieurospa.com/en/_home/Corporate Governance / Corporate Documents and Procedures](https://unieurospa.com/en/_home/Corporate%20Governance%20-%20Corporate%20Documents%20and%20Procedures)".

The above-mentioned procedure applies to transactions with related parties (the definition of which is provided in the respective definitions of the Consob Related Party regulation, which is expressly referred to in the Procedure) conducted directly by the Company or through controlled companies.

In conformance with the Consob Related Party Regulations, the procedure governs, *inter alia*, the inquiry and approval procedures regarding transactions with related parties of *greater importance* based on the criteria indicated in Consob's Related Party Regulation and those transactions with related parties classified as of *lesser importance*, which are transactions other than those of *greater importance* and transactions involving modest amounts (individual transactions of not more than Euro 150,000 where the related party is a natural person and not more than Euro 300,000 where the related party is not a natural person).

Pursuant to the provisions of the Consob Related Parties Regulation, the Procedure considers to be transactions of greater importance with related parties those in which at least one of the relevant indexes indicated in attachment 3 of said Regulation is higher than the threshold of 5% and requires that a specific corporate body (comprised of the Chief Financial Officer and the Legal Director) be entrusted with the task of deciding how to apply the Procedure to the specific transaction, including the manner for classifying a transaction as of *greater importance* or of *lesser importance*.

Pursuant to the Consob Related Parties Regulations, the Procedure provides that, prior to approval of a transaction with related parties, the Related Parties Committee - which shall be comprised exclusively of unrelated and non-executive directors and a majority of independent directors pursuant to the TUF and the Corporate Governance Code - shall give a reasoned, non-binding opinion on the interests of the Company to pursue the transaction as well as the convenience and essential correctness of the terms and conditions related thereto¹⁶.

The Procedure shall not be applicable to the items specified under points (iii), (iv) and (v), however shall apply where the counterparty to the transaction is a related or controlled company in which other Related Parties hold a Significant Interest.

¹⁷ Meaning those shareholders' meeting resolutions referred to in the first paragraph of article 2389 Civil Code, relating to the remuneration of the members of the board of directors and of the executive committees as well as resolutions on the remuneration of directors holding particular offices where such remuneration is within a total amount pre-determined at a shareholders' meeting in accordance with article 2389, *third* paragraph Civil Code. 11. BOARD OF STATUTORY AUDITORS

11.1. Appointment and Replacement

The Board of Statutory Auditors is appointed at the Company's ordinary Shareholders' Meeting.

Pursuant to articles 21 in 22 of the Articles of Association, the Issuer has adopted a transparent procedure for the appointment of the statutory auditors which guarantees, among other things, adequate and timely information regarding the personal and professional features of the candidates in office.

For as long as the Company's shares are listed on a regulated market in Italy or in another member state of the European Union, the Board of Statutory Auditors will be elected at the ordinary Shareholders' Meeting on the basis of lists submitted by the shareholders as provided below and ensuring a gender balance respecting the applicable laws and regulations.

Shareholders have the right to submit a list to the extent that they hold, whether individually or jointly with others on the date of submission of said list, the share percentage established by law or regulations in force from time to time (4.5%, pursuant to the Consob Management Deliberation No. 48 of 7 May 2021).

The lists have two sections: one for the appointment of statutory auditors and the other for the appointment of alternate auditors. The first candidate in each section shall be a certified auditor and shall have worked for a minimum of 3 (three) years as an auditor for clients that are legally required to have their financial statements audited. Should the other candidates do not meet such requirement for the immediately preceding period, they must meet the other professional requirements under applicable legislation and regulations from time to time. In the event of non-fulfilment of the obligations laid down in this paragraph, the list will be deemed unsubmitted.

Each list that contains 3 (three) or more candidates (mindful that there are two sections), shall also include a number of candidates from the under-represented gender so as to ensure that the list respects the principle of equality between genders and the number is at least the minimum required under the laws and regulatory provisions in force from time to time. Any list that fails to fulfil the obligations laid down in this paragraph shall be deemed unsubmitted.

As concerns gender balance, please refer to that specified in relation to regulatory changes and the consequent amendments to the Articles of Association which were approved by the shareholders at a Shareholder's Meeting held in 2021.

The lists shall be submitted within the period prescribed by the applicable legislation referred to in the convocation notice at the Company's registered office or electronically, as stated in the notice, and made public within the timeline and in the manner laid down by applicable legislation and regulations. If by the deadline for the submission of lists, only one list has been submitted or there are only lists submitted by shareholders acting together within the meaning of article 144-*quinquies* of the Issuer Regulation, then lists may be submitted for up to three days after said deadline. In this event, the thresholds

indicated in the Articles of Association are reduced by half. Together with the lists, the following shall also be submitted:

- (i) information about the shareholders who submitted the list and an indication of the percentage of equity held by them;
- (ii) a declaration from shareholders other than those who hold, even jointly, a controlling or relative majority interest, certifying the absence of direct or indirect relationships with such shareholders under applicable legislation and regulations;
- (iii) the *curriculum vitae* of the candidates and a declaration from each candidate attesting that there are no grounds for ineligibility or incompatibility and that he or she meets the requirements for office;
- (iv) information about the candidates with an indication of administrative and supervisory positions held in other companies, as well as a declaration by the candidates that they meet the requirements, including those in terms of integrity, professionalism, independence and those concerning concurrent office, provided by applicable legislation and regulations and the articles of association, and their acceptance of the nomination and office, if elected;
- (v) a declaration whereby each candidate accepts his or her nomination;
- (vi) any other declaration, information and/or document as may be required by applicable legislation and regulations.

Any shareholders, who have signed a shareholders' agreement pertaining to the Company and relevant for the purposes of article 122 of the TUF, parent company, controlled companies and companies under common control and any other entities with whom a relationship exists, including indirectly within the meaning of applicable legislation and regulations, may not submit or participate in the submission of more than one list, even through an intermediary or trust company, nor vote for different lists.

Each candidate shall only be included in one list, otherwise he or she shall be considered ineligible.

Any list not complying with the provisions set forth in this paragraph shall be considered as not having been submitted.

The statutory auditors will be the first two candidates from the list with the highest number of votes (“**Majority List**”) and the first candidate from the list obtaining the second highest number of votes (“**Minority List**”) submitted by shareholders who are not related, even indirectly, to the shareholders who submitted or voted for the Majority List, and this candidate will also be appointed Chairman of the Board of Statutory Auditors.

The alternate auditors will be the first alternate candidate on the Majority List and the first alternate candidate on the Minority List.

If the gender balance is not achieved as required by applicable legislation including any *pro tempore* regulations, the necessary replacements will be selected from the candidates put forward for the office of standing auditor on the Majority List, in the order in which the candidates are listed.

If fewer candidates are elected based on the lists submitted than there are auditors to be elected, the remainder will be elected at the Shareholders' Meeting on simple majority

ensuring that the gender balance required under applicable legislation, including any *pro tempore* regulations, is achieved.

In the event of a tie between the lists, a tie-breaker vote to decide the between the candidates subject of the tie shall be held for anyone entitled to vote at the Shareholders' Meeting. The candidates who obtain a simple majority of the votes shall be elected.

If only one list is submitted, the entire Board of Statutory Auditors shall be elected from that list in accordance with applicable legislation and regulations. If no list is submitted, the Shareholders' Meeting will shall resolve on the candidate by statutory majority.

The Chairman of the Board of Statutory Auditors shall be the statutory auditor elected from the Minority List, unless only one list is submitted or no list is submitted; in such cases the Chairman of the Board of Statutory Auditors shall be appointed at the Shareholders' Meeting by resolution a voted on simple majority of representative votes.

11.2. Composition and operation (pursuant to article 123-bis, paragraph 2, letters d) and d-bis) TUF)

Pursuant to article 21 of the Articles of Association, the Board of Statutory Auditors shall be comprised of 3 (three) statutory auditors and 2 (two) alternate auditors who satisfy the requirements of professionalism, integrity and independence as required by law and other applicable provisions.

As concerns the requirement of professionalism in particular, pursuant to article 1, paragraph 2, letters b) and c) of Ministerial Decree 162 of 30 March 2000, matters and sectors of activity which are closely related to those of the business carried out by the Company means those matters and sectors of activity connected to or inherent in the operations of the Company, as these are indicated in the corporate objects clause.

The requirements, functions, responsibilities of the Board of Statutory Auditors are governed by law.

Statutory Auditors shall remain in office for three company financial years. Their term of office shall expire on the date of the Shareholders' Meeting convened to approve the financial statements relative to their third year in office. Said auditors may be re-elected.

The Board of Statutory Auditors in office at the date of this Report and appointed at the Shareholders' Meeting on 18 June 2019 is composed of Giuseppina Manzo (Chairman), Maurizio Voza and Federica Mantini (standing auditors), Valeria Francavilla and Davide Barbieri (alternate auditors). For more information about the members of the Board of Statutory Auditors, please refer to the corporate website of the Issuer https://unieurospa.com/en/_home/, in the section "Corporate Governance/Board of Statutory Auditors" where the *curriculum vitae* of Statutory Auditors illustrating the professional characteristics of the Auditors are available.

Pursuant to the recommendations made in the Corporate Governance Code and in accordance with applicable laws, the Board of Statutory Auditors shall monitor the financial reporting process, the efficacy of the Internal Control and Risks System, the legal auditing of the annual and consolidated accounts and the independence of the independent auditors, in particular as concerns any non-auditing services this latter may provide. To correctly perform their own activities, the Statutory Auditors may request the Internal Audit Manager to carry out checks on specific operating areas or company operations.

During Financial Year, in the performance of its activities, the Board of Statutory Auditors have coordinated with the Internal Audit Department and the Control and Risk Committee by means of participation in discussions on issues of specific interest. The Internal Audit Manager has participated on a regular basis in the checks carried out by the members of the Board of Statutory auditors.

All Statutory Auditors must satisfy the requirements of eligibility, integrity and professionalism as provided by the applicable laws and regulations. Furthermore, in application of the recommendations set forth under Corporate Governance Code, the above-mentioned article 21 of the Articles of Association provides that all Statutory Auditors must satisfy the requirements of independence set forth in the applicable legislation and regulations.

In application of article 144-*novies* of the Issuer Regulation and the above-mentioned application criterion, the holding the requirements indicated above by the members of the Board of Statutory Auditors shall be assessed by the Board of Statutory Auditors:

- (i) after their appointment; the outcomes of this verification shall be disclosed to the market by press release;
- (ii) every year; the relative results shall be provided in the report on corporate governance.

The 21 April 2021 was the last occasion upon which the Board of Statutory Auditors verified that all the members of said Board of Statutory Auditors continue to fulfil the requirements of integrity and professionalism required by article 148 TUF and the implementation regulation adopted with Decree No. 162/2000 issued by the Ministry of Justice. At the meeting, held on 6 May 2021, the Board of Directors also verified the continued fulfilment of the independence requirements under article 148, paragraph 3 TUF and the combined provisions of Recommendations 7 and 9 of the Corporate Governance Code, for all members of the Board of Statutory Auditors and found that none of them falls within the remit of the matters under article 148, paragraph 3 TUF and the combined provisions of Recommendations 7 and 9 of the Corporate Governance Code.

Also on 21 April 2021, the Board of Statutory Auditors examined the outcomes of the self-assessment process pursuant to rule Q.1.1. (Code of Conduct of the Board of Statutory

Auditors of listed companies - April 2018) to ascertain the existence and continuance of members' suitability requirements as well as its correct and effective operation. Said Board of Statutory Auditors' self-assessment process, deemed to be successfully concluded, was recorded in minutes and sent to the Board of Directors.

Please note that, in application of Recommendation No. 7 of the Corporate Governance Code - which specifies determined circumstances deemed to compromise or that would appear to compromise, the independence of a director (as well as that of an auditor, pursuant to Recommendation No. 9) - the Board of Directors on April 15 2021 following a preliminary assessment carried out by the Remuneration and Appointments Committee, laid down the assessment criteria to measure the relevant nature of commercial, financial or professional relations of independent directors with the Company, as well as any additional remuneration received by said directors in relation thereto.

More specifically, the Board of Directors deems a Director to satisfy the independency requirements based on the following factors, without prejudice to any particular circumstances to be considered based on the specific case:

- the total value of any commercial, financial or professional relationships maintained during the current year or in the three previous years with the Company and/or its subsidiaries or with its executive directors or top management or with a person who controls the company or with the related executive directors or top management, does not exceed the lesser amount between:
 - 5% of the annual turnover of the company or entity of which the Director has control, or is a key representative of, or of the professional firm or consulting company which he/she is a *partner* in;
 - (i) Euro 300,000 (meaning an annual fee for professional services rendered to the Company by the company or body over which the Director has control of or of which he/she is a key representative or by the professional firm or company consultancy of which he/she is a partner in or (ii) Euro 150,000 (meaning an annual fee for the professional services rendered to the Company by the Director as an individual professional).
- the additional remuneration paid directly to the Director during the current financial period or in the three previous financial periods (i) by the Company or (ii) by its parent company or any subsidiaries thereof, does not exceed the overall remuneration he/she receives due to his/her office and participation in those committees recommended by the Corporate Governance Code or envisaged by the legislation in force.

The Board also specified that the fact of being a "close family member" of a person who exceeds one of the above-mentioned thresholds is also a circumstance deemed relevant to the compromising of a director's independence, whereby "close family members" are deemed to be parents, children, spouses who are not legally separated and cohabitants, in alignment with that set forth in the Q&A to the Corporate Governance Code published in November 2020 by the Corporate Governance Committee.

With regard to the Board of Statutory Auditors, you are reminded that the Corporate Governance Code provides that all members of the control body shall satisfy the same independence requirements as those applicable to directors under Recommendation 7.

The independence assessment shall be carried out by the management body or the control body in the manner and within the timelines mentioned above, on the basis of the information provided by each member of the control body. As concerns the specific practice of Unieuro S.p.A., we remind you that, to date - the Board of Statutory Auditors performs the assessment of its own members' independence in compliance with standard Q.1.1. (Self-assessment of the board of statutory auditors) referred to in the code of conduct governing boards of statutory auditors of listed companies (April 2018 version) and then informs the Board of Directors of its findings.

That stated, on 12 April 2022 the Board of Statutory Auditors found that all members of the Board of Statutory Auditors satisfy the independence requirements provided for by law and by the Corporate Governance Code as well as the integrity and professionalism requirements under article 148 TUF and its implementing regulation adopted by Decree of the Ministry of Justice No. 162/2000. On 13 April 2022, the Board of Director took note of said findings.

Also on 12 April 2022, the Board of Statutory Auditors verified the outcomes of the self-assessment process pursuant to regulation Q.1.1. (Code of conduct of Boards of Statutory Auditors of listed companies - April 2018) so as to check the existence and continuity of conformance with eligibility requirements on the part of its members and the correctness and effectiveness of its own system. The self-assessment process was recorded in minutes and found to have a satisfactory outcome. Said minutes were furnished to the Board of Directors.

Please note that in view of the renewal of the Board of Statutory Auditors to take place at the Shareholders' Meeting that shall approve the financial statements as at 28 February 2022, said Board of Statutory Auditors was desirous to provide Shareholders with its own Guidelines on the requirements for each of its members as well as on Board composition in terms of balance and complementarity between the experience and skill sets of its members.

More specifically, taking into account

- the outcomes of the self-assessment process for the 2021-2022 financial year;
- that, during its next term of office, the monitoring and supervisory activities of the Board shall require particular commitment, on grounds that UNIEURO's activity is focused on the continuation of its development which may also be achieved through extraordinary operations.

The current Board of Statutory Auditors trusts that the appointment of the incoming Board shall give due consideration to reappointment of the current members so as to ensure stability and continuity of action of Board activity during this phase, mindful that the Board, in its current composition has:

- acquired in-depth knowledge of the Company's organisation and business;
- adequately fulfilled its role of supervising and monitoring activities throughout its term of office.

The above-mentioned Guidelines are viewable by the public on the Company's corporate website under Corporate Governance / Shareholders' Meetings / Shareholders' Meeting 2022 and on the authorised storage mechanism www.emarketstorage.com on 13 January 2022.

For the 2021-2022 financial period at least 10 meetings have currently been scheduled (4 of which have already been held as at the date of this Report).

11.3. Diversity criteria and policies

With regard to the diversity policy, as already reported above in relation to the Board of Directors, on 11 May 2022, said Board of Directors assessed whether it would be opportune to adopt a specific diversity policy; they decided that such a specific policy was not necessary on grounds that the set of legislative and regulatory provisions, including the provisions of the Corporate Governance Code concerning the composition of the administrative, management and control bodies of the Company allows for an adequate composition regarding aspects such as gender, age, experiences, professional and personal characteristics.

In any case, it should be noted that the Board of Statutory Auditors currently consists of 3 members belonging to the most represented gender and 2 members belonging to the under-represented gender.

The Chief Executive Officer has ensured that following their appointment and during their term of office, the statutory auditors shall be able to participate in the most appropriate way in those initiatives aimed at furnishing them with adequate knowledge of the sector of activity in which the Issuer operates, the Company dynamics and their evolution, the correct risk management principles as well as the reference regulatory and self-regulatory framework.

Remuneration

The compensation of the standing members of the Board of Statutory Auditors is determined at an ordinary Shareholders' Meeting at the time of their appointment. The information on the remuneration of the Statutory Auditors is set forth in the Report concerning the policy of remuneration and recompense paid which has been drawn up by the Company pursuant to article 123-ter TUF and is available on the Company's website.

We draw to your attention that the Board of Statutory Auditors deems the remuneration resolved on 18 June 2019 to be no longer adequate having regard to the commitment actually required and taking into account the broader scope of controls to be carried out as a consequence of the strong growth of the Company - which has led to an increased complexity of the business it operates - as well as the changes to the relative corporate and organisational structure, principally deriving from the intervening change of Unieuro to a public company. Said commitment had led to, inter alia, a significant increase in the number of meetings, and as a consequence, the number of hours dedicated to participation in meetings of the Board of Statutory Auditors and of other corporate bodies.

In its report of 5 May 2021, the Board of Statutory Auditors of the Company provided the Board of Directors with an account of the activities carried out and objective grounds based on which it is deemed opportune that the remuneration for the remainder of the term of office be increased, such grounds concerning the intervening factors that have arisen subsequent to their original acceptance of the office and the relative remuneration therefor.

In its sitting of 13 May 2021, the Board of Directors took note of the above-mentioned request of the Board of Statutory Auditors, trusting that an adjustment to the remuneration may be granted in an amount commensurate to the greater qualitative and quantitative efforts required over and those envisaged for the governance structure on the date the supervisory body was appointed.

In light of such request, the Shareholders' Meeting held on 15 June 2021 resolved:

- that with effect as of such Shareholders' Meeting, the overall gross remuneration of the Board of Statutory Auditors shall be increased from Euro 60,000.00 to Euro 105,000.00, and therefore the effective increase shall be by 45,000.00. Such amount shall apply for the residual duration of their term of office;
- that the increase to remuneration referred to in point 1 above shall be divided as follows: (i) Euro 19,000.00 plus social security contributions thereon for the Chairman of the Board of Statutory Auditors; (ii) 13,000.00 plus social security contributions thereon for each acting Statutory Auditor.

Interest management

The Statutory Auditors shall carry out their duties autonomously and independently in relation to the Shareholders. For this purpose, any Auditor who has an interest in a specific Company transaction whether on his/her own behalf or on behalf of any third party, shall promptly and comprehensively inform the other Auditors and the Chairman of the Board of Directors as to the nature, terms, origins and scope of his/her such interest.

As far as changes in the composition of the shareholder structure is concerned, you are referred to that stated in chapter 2 of this Report.

The Board of Directors has not deemed it necessary to determine any corporate governance system more suited to the needs of the business. For such reason it has not submitted any proposals for consideration at the Shareholders' Meeting regarding:

- choice and characteristics of the corporate model;
- size, composition and appointment of the Board and term of office of its members;
- articulation of the administrative and property rights of shares;
- percentages established for the exercise of those prerogatives to protect minorities (as provided for under the Corporate Governance Code by Recommendation No. 2).

14. ADDITIONAL CORPORATE GOVERNANCE PRACTICES (pursuant to art. 123-bis, paragraph 2, letter a), TUF)

The Issuer has not adopted corporate governance practices that are additional to those required by the applicable laws and regulations.

Specifically, please refer to the previous Paragraph 10.4 of the Report with regard to the model adopted by the company pursuant to Legislative Decree No. 231/2001.

15. CHANGES TO THE CLOSURE OF THE FINANCIAL YEAR OF REFERENCE

As of closure of the Financial Year up to the date of this Report, there have been no changes in the corporate governance structure compared to those indicated in the specific sections of this Report.

16. CONSIDERATIONS ON THE LETTER OF 3 DECEMBER 2021 FROM THE CHAIRMAN OF THE CORPORATE GOVERNANCE COMMITTEE

The recommendations formulated in the annual report of the Italian Corporate Governance Committee on application of the Corporate Governance Code by issuers (“2021 Report”) as well as in the communication of 3 December 2021 from the Chairman of the Committee, first of all, submitted to the attention of the Chairman of the Board of Directors, the Chief Executive Officer and the Chairman of the Board of Statutory Auditors (the parties to whom this letter was addressed). Such recommendations were evaluated by the above-mentioned recipients and then were brought to the attention of the Board of Directors and the Board of Statutory Auditors during the meeting held on 13 January 2022, following examination of said recommendations by the Remuneration Appointments Committee in the meeting held beforehand on 10 January 2022.

The Chairman of the Committee advises that the Report published in December 2020 recommended that issuers assess, and, where appropriate improve, the concrete and substantial application of certain best practices contained in the Corporate Governance Code and in particular:

- Sustainability issues

The Committee invited boards of directors to integrate business sustainability in their strategies and remuneration policy, including on the basis of a materiality analysis of those factors that may affect the generation of value in the long term.

The 2021 Report shows that in approximately half of its member companies, such integration was undertaken by express integration of environmental and social objectives into company strategies and policies, in certain cases by including sustainability parameters in their remuneration policies.

UNIEURO FULLY COMPLIES WITH THE RECOMMENDATION

In this regard, Unieuro has integrated sustainability objectives into its remuneration policies for both the short and medium-long term, fully complying with the Committee’s request.

- Quality of pre-meeting information to the Board of Directors

The 2021 Report shows an increase in the number of companies that provide ex-ante a notice period considered adequate for sending documentation to the board. The critical points noted in previous years on generic exemptions to the notice period for reasons of confidentiality remain.

UNIEURO FULLY COMPLIES WITH THE RECOMMENDATION

The Board of Directors of Unieuro has approved a procedure for information flows to Directors and the Board of Directors’ Regulations which contain the rules governing the quality and transmission of pre-board information.

In particular, the aforementioned documents contain a timeframe for the appropriate transmission of documents to the Board of Directors. There are no exceptions to the timelines for reasons of confidentiality.

- Concrete and full application of independence criteria

The Committee invited the boards of directors to always justify, case by case, any disapplication of one or more independence criteria, as well as to define in advance the quantitative and/or qualitative criteria to be used in the assessment of the significance of the relationship between the director and the Company in order to establish the independence of the said director. The Report shows, on the one hand, a lower disapplication of the Code's independence criteria and, on the other, a significant improvement in the provision of such criteria, albeit limited to only a quarter of the issuers.

UNIEURO FULLY COMPLIES WITH THE RECOMMENDATION

Unieuro has never disappplied the independence criteria of the Corporate Governance Code.

On 15 April 2021, Unieuro adopted qualitative and quantitative criteria for analysing the relationship between directors and the company when assessing independence. These criteria have been fully described in the Corporate Governance Report.

- Remuneration policies

The Committee recommended that boards of directors - and the relevant committees responsible for remuneration - (i) provide clear indications on the identification of the weight of the variable component, distinguishing between components linked to annual and multi-year time horizons; (ii) strengthen the link between variable remuneration and long-term performance objectives, including, where relevant, also non-financial parameters; (iii) limit to exceptional cases, subject to adequate explanation, the possibility of paying amounts not linked to pre-determined parameters (i.e. ad hoc bonuses); (iv) define criteria and procedures for the assignment of end-of-office indemnities; (v) verify that the amount of remuneration paid to non-executive directors and members of the board of statutory auditors is proportionate to the amount of the variable component. (iv) define criteria and procedures for the assignment of end-of-office severance pay; (v) verify that the amount of compensation paid to non-executive directors and members of the control body is appropriate to the competence, professionalism and commitment required by their office.

The 2021 Report identifies significant progress on performance policies, which issuers increasingly link to capped long-term objectives. There has also been an improvement in the provision of clear rules for the allocation of severance pay and in the limited provision for the possibility of paying ad hoc bonuses. These elements, however, continue to represent the main weaknesses of remuneration policies.

UNIEURO FULLY COMPLIES WITH THE RECOMMENDATION

In its Remuneration Report, Unieuro has provided clear indications for the identification of capped remuneration components linked to the short and medium-long term. In the second cycle of the LTIP 2020-2025, an ESG parameter was included as a performance objective. In the Remuneration Report, the process for the assignment of end of office severance pay has been explained.

Furthermore, the Shareholders' Meeting of June 2021 approved, following a benchmarking exercise that was also prompted by the CG Committee Letter of 2020, an increase in the amounts recognised as remuneration to Directors and Auditors.

- Optimal composition and succession themes

The Report shows how all the critical elements identified, such as the clear assignment of functions to the appointments committee and the provision of guidelines from the outgoing board on the optimal composition, are clearly applied by only half of the companies. Even the provision of succession plans for executive directors, although increasing, is provided for by only a third of listed companies. These issues continue to emerge even in the light of the greater proportionality of the new Code: the provision of board guidance is insufficient in smaller "non-concentrated" companies, while only half of the "large" companies provide for a succession plan.

UNIEURO FULLY COMPLIES WITH THE RECOMMENDATION

In view of the renewal of the Board of Directors, Unieuro has drawn up its own guidelines for the optimal qualitative and quantitative composition for the new board.

Furthermore, Unieuro, even though it is not a "large" company within the meaning of the Corporate Governance Code, has formalised the CEO's succession plan.

- Themes on self-assessment and contribution to strategic plans

The Committee recommended that boards (i) oversee the board review process and (ii) assess the board's contribution to the development of strategic plans. The 2021 Report highlights that the role of the board is unclear with respect to the self-assessment process as it does not provide information on who is in charge of the assessment.

UNIEURO FULLY COMPLIES WITH THE RECOMMENDATION

Unieuro undertook its self-assessment process in compliance with the Code, entrusting the task to an external consultant, however entrusting the preliminary investigation to the Remuneration and Appointments Committee, which provided clear indications to the consultant (for example on possible changes to the questionnaire to be submitted to the Board).

In the board evaluation report, there is a precise reference to the contribution of the board to the determination of strategic plans.

The below table illustrates the position of Unieuro on the recommendations of the Chairman of the Corporate Governance Committee for 2022:
